(57) **CLAIM**

The ornamental design for a flat panel computer having an integrally housed flat panel display, as shown and described.

DESCRIPTION

The FIGURE is a perspective view of the design for the flat panel computer having an integrally housed flat panel display, wherein the flat panel computer includes a disc receptacle of a disc drive, and a floppy disk drive, a volume dial, a display adjustment dial, a power button, and a reset button.

In these drawings, the solid lines illustrate the claimed ornamental design, whereas the broken lines illustrate environmental features that form no part of the claimed ornamental design of the subject embodiment.
