(57) **CLAIM**

I claim the ornamental design for a shelf support bracket, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view from the front and left side of a shelf support bracket in accordance with the present invention.

FIG. 2 is a top plan view of the shelf support bracket in accordance with the present invention;

FIG. 3 is a front elevational view of the shelf support bracket in accordance with the present invention;

FIG. 4 is a left side elevational view of the shelf support bracket in accordance with the present invention;

FIG. 5 is a right side elevational view of the shelf support bracket in accordance with the present invention;

FIG. 6 is a bottom plan view of the shelf support bracket in accordance with the present invention; and,

FIG. 7 is a rear elevational view of the shelf support bracket in accordance with the present invention.

The broken line showing of an additional shelf support and shelf are for illustrative purposes only and forms no part of the claimed design.
