(57) **CLAIM**

We claim the ornamental design for a battery module, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a battery module showing the present design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a left side elevational view thereof;

FIG. 6 is a perspective view thereof;

FIG. 7 is an enlarged right side elevational view thereof;

FIG. 8 is an enlarged left side elevational view thereof;

FIG. 9 is a front elevational view of the battery module covered with outer transparency film;

FIG. 10 is a top plan view of the battery module covered with outer transparency film; and,

FIG. 11 is a bottom plan view of the battery module covered with outer transparency film.

Note that a rear elevational view is omitted since it is symmetrical to a front elevational view. The present application is indicated to a battery module which is covered its periphery with outer transparency film. Note that hatching in FIGS. 9-11 indicates the outer transparency film.
