(57) **CLAIM**

The ornamental design for a cageless lavatory dispensing device, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the top and front of a first embodiment of our device;

FIG. 2 is a plan view of the front of a first embodiment of our device;

FIG. 3 is a plan view of a side of a first embodiment of our device; the other side of a first embodiment of our device which is not depicted in the figures is symmetrical with this side view;

FIG. 4 is a plan view of the top of a first embodiment of our device;

FIG. 5 is a plan view of the back of a first embodiment of our device;

FIG. 6 is a plan view of the bottom of a first embodiment of our device;

FIG. 7 is a perspective view of the top and front of a second embodiment of our device;

FIG. 8 is a plan view of the front of a second embodiment of our device;

FIG. 9 is a plan view of a side of a second embodiment of our device; the other side of a second embodiment of our device which is not depicted in the figures is symmetrical with this side view;

FIG. 10 is a plan view of the top of a second embodiment of our device;

FIG. 11 is a plan view of the back of a second embodiment of our device; and,

FIG. 12 is a plan view of the bottom of a second embodiment of our device.

The broken line showing is included for the purpose of illustrating and forms no part of the claimed design.
