(57) **CLAIM**

The ornamental design for a display device, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the present display device, that portion shown in broken lines is not part of the claimed design and is provided for environmental purposes only;

FIG. 2 is a rear perspective view of my new design illustrated in FIG. 1, that portion shown in broken lines is not part of the claimed design and is provided for environmental purposes only;

FIG. 3 is a front elevational view of my new design illustrated in FIG. 1, that portion shown in broken lines is not part of the claimed design and is provided for environmental purposes only;

FIG. 4 is a rear elevational view of my new design illustrated in FIG. 1, that portion shown in broken lines is not part of the claimed design and is provided for environmental purposes only;

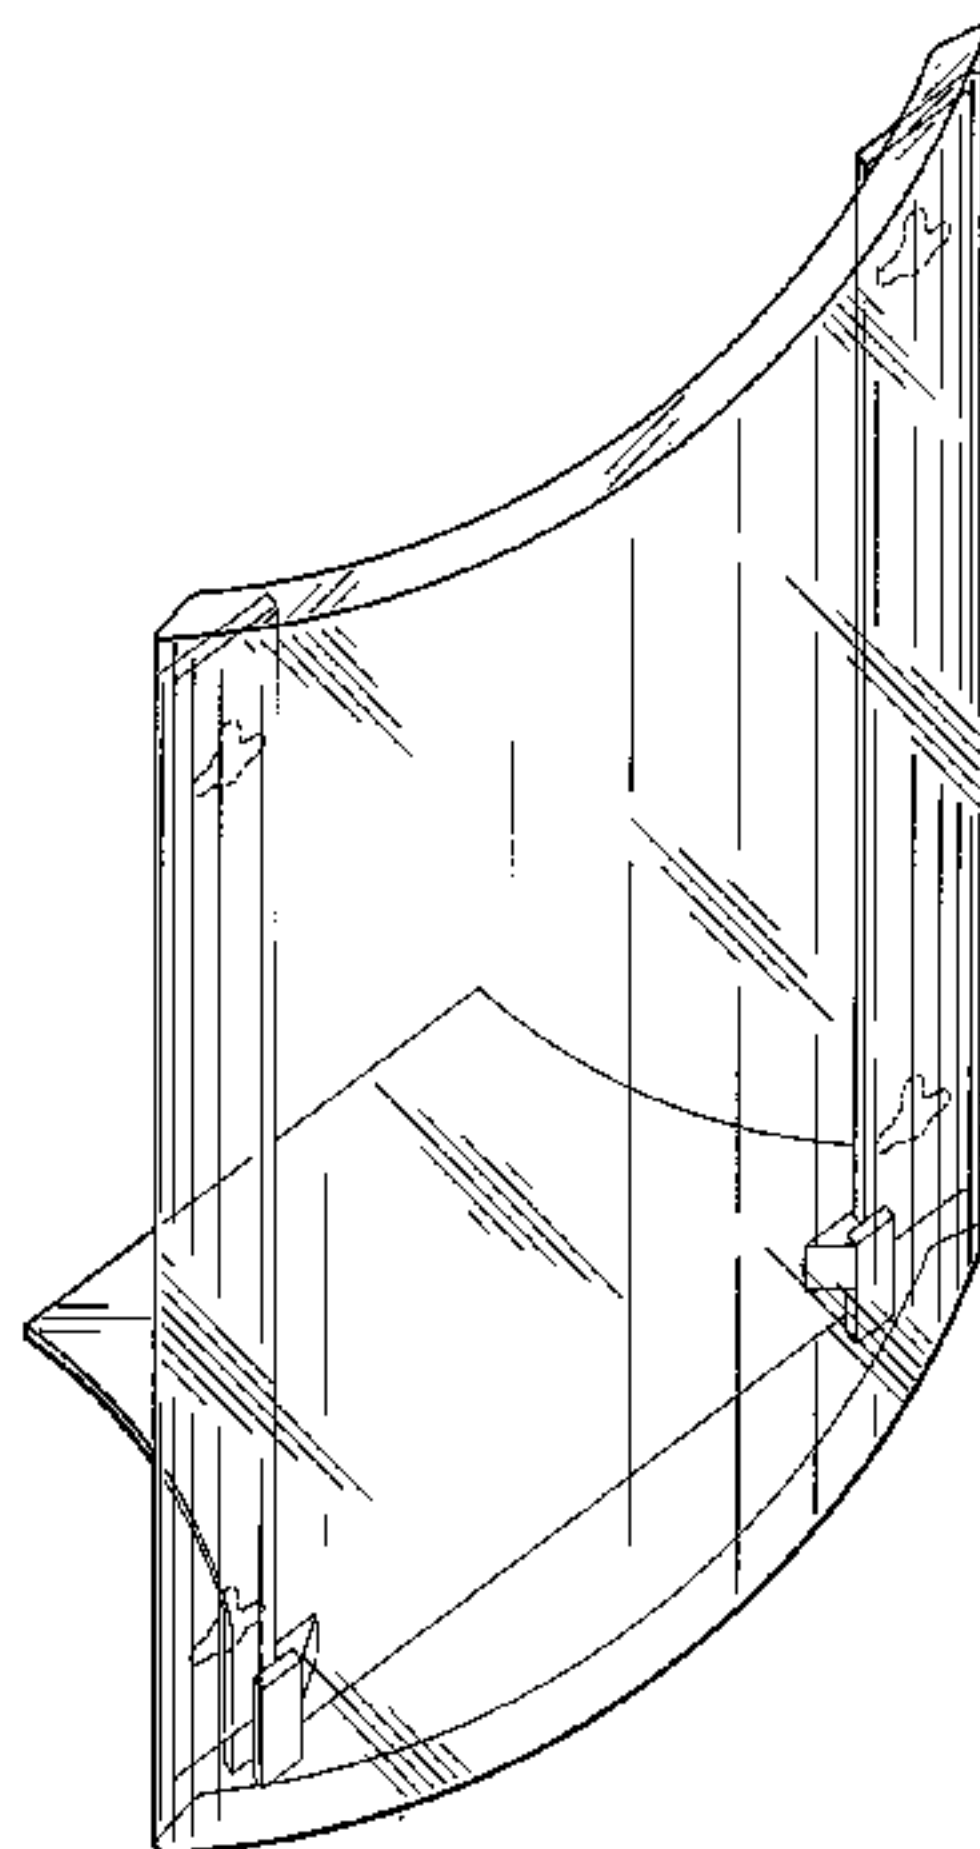

FIG. 5 is a top plan view of my new design illustrated in FIG. 1, that portion shown in broken lines is not part of the claimed design and is provided for environmental purposes only;

FIG. 6 is a bottom plan view of my new design illustrated in FIG. 1, that portion shown in broken lines is not part of the claimed design and is provided for environmental purposes only;

FIG. 7 is a right side view of my new design illustrated in FIG. 1, the left side view being a mirror image thereof, that portion shown in broken lines is not part of the claimed design and is provided for environmental purposes only; and,

FIG. 8 is a rear perspective view of another embodiment of my new design, that portion shown in broken lines is not part of the claimed design and is provided for environmental purposes only.
