(57) **CLAIM**

The ornamental design for a cable connector, as shown and described in the accompanying drawings.

DESCRIPTION

FIG. 1 is a perspective view of a cable connector, in accordance with the present invention.

FIG. 2 is a front view of a cable connector, in accordance with the present invention.

FIG. 3 is a rear view of a cable connector, in accordance with the present invention.

FIG. 4 is a side view of a cable connector, in accordance with the present invention.

FIG. 5 is an opposing side view of a cable connector, in accordance with the present invention.

FIG. 6 is an end view of a cable connector as used in the connector assembly on an enlarged scale as compared to the other figures, showing the environment of FIGS. 1-5 which forms no part of the present invention; and,

FIG. 7 is an opposing end view of a cable connector on an enlarged scale as compared to the other figures, in accordance with the present invention.

The broken lines showing the environment in the Figures are for illustrative purposes only and form no part of the claimed design.
