 715/799, 800, 810, 812, 817, 818–820
 See application file for complete search history.

FIG. 1 is a perspective view of a graphic user interface for handheld terminal;

FIG. 2 is a reduced front view thereof;

FIG. 3 is a front view thereof with a display in an extended position showing the first image in the sequence for a moving image of a graphic user interface for handheld terminal;

FIG. 4 is an enlarged front view thereof;

FIG. 5 is a front view of the second image thereof;

FIG. 6 is a front view of the third image thereof; and,

FIG. 7 is a front view of the fourth image thereof.

The appearance of the moving image sequentially transitions between the images shown in FIGS. 4–7. The process or period in which an image transitions to another forms no part of the claimed design.

The broken lines are for illustrative purposes only and form no part of the claimed design.
