(57) **CLAIM**

The ornamental design for a speed blade, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of the design of the present invention for a speed blade, the rear elevation being an identical image thereof;

FIG. 2 is a left side elevation view of the speed blade of FIG. 1, the right side elevation being an identical image thereof;

FIG. 3 is a top end view of the speed blade of FIG. 1;

FIG. 4 is a bottom end view of the speed blade of FIG. 1; and,

FIG. 5 is an enlarged perspective view of the speed blade.

The features of the speed blade shown in broken lines are for illustrative purpose only and form no part of the claimed design.
