(57) **CLAIM**

I claim the ornamental design for an equine ground feeder, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of an equine ground feeder of the present invention.

FIG. 2 is a bottom view of an equine ground feeder of the present invention.

FIG. 3 is a left side elevational view of an equine ground feeder of the present invention.

FIG. 4 is a rear elevational view of an equine ground feeder of the present invention.

FIG. 5 is a front elevational view of an equine ground feeder of the present invention; and,

FIG. 6 is a reduced right side elevational view of an equine ground feeder of the present invention.

The portions of the drawings shown in broken line are for illustrative purposes only and form no part of the claimed design.
