(57) **CLAIM**

The ornamental design for a telescopic container, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the design for a telescopic container according to the present invention in the retracted state;

FIG. 2 is an enlarged front elevational view of the telescopic container shown in FIG. 1, the rear elevational view being a mirror image of the front elevational view;

FIG. 3 is an enlarged left side elevational view of the telescopic container shown in FIG. 1;

FIG. 4 is an enlarged right side elevational view of the telescopic container of FIG. 1;

FIG. 5 is an enlarged top plan view of the telescopic container shown in FIG. 1;

FIG. 6 is an enlarged bottom plan view of the telescopic container shown in FIG. 1;

FIG. 7 is a perspective view of the design for a telescopic container according to the present invention in the extended position;

FIG. 8 is an enlarged front elevational view of the telescopic container shown in FIG. 7, the rear elevational view being a mirror image of the front elevational view;

FIG. 9 is an enlarged left side elevational view of the telescopic container shown in FIG. 7;

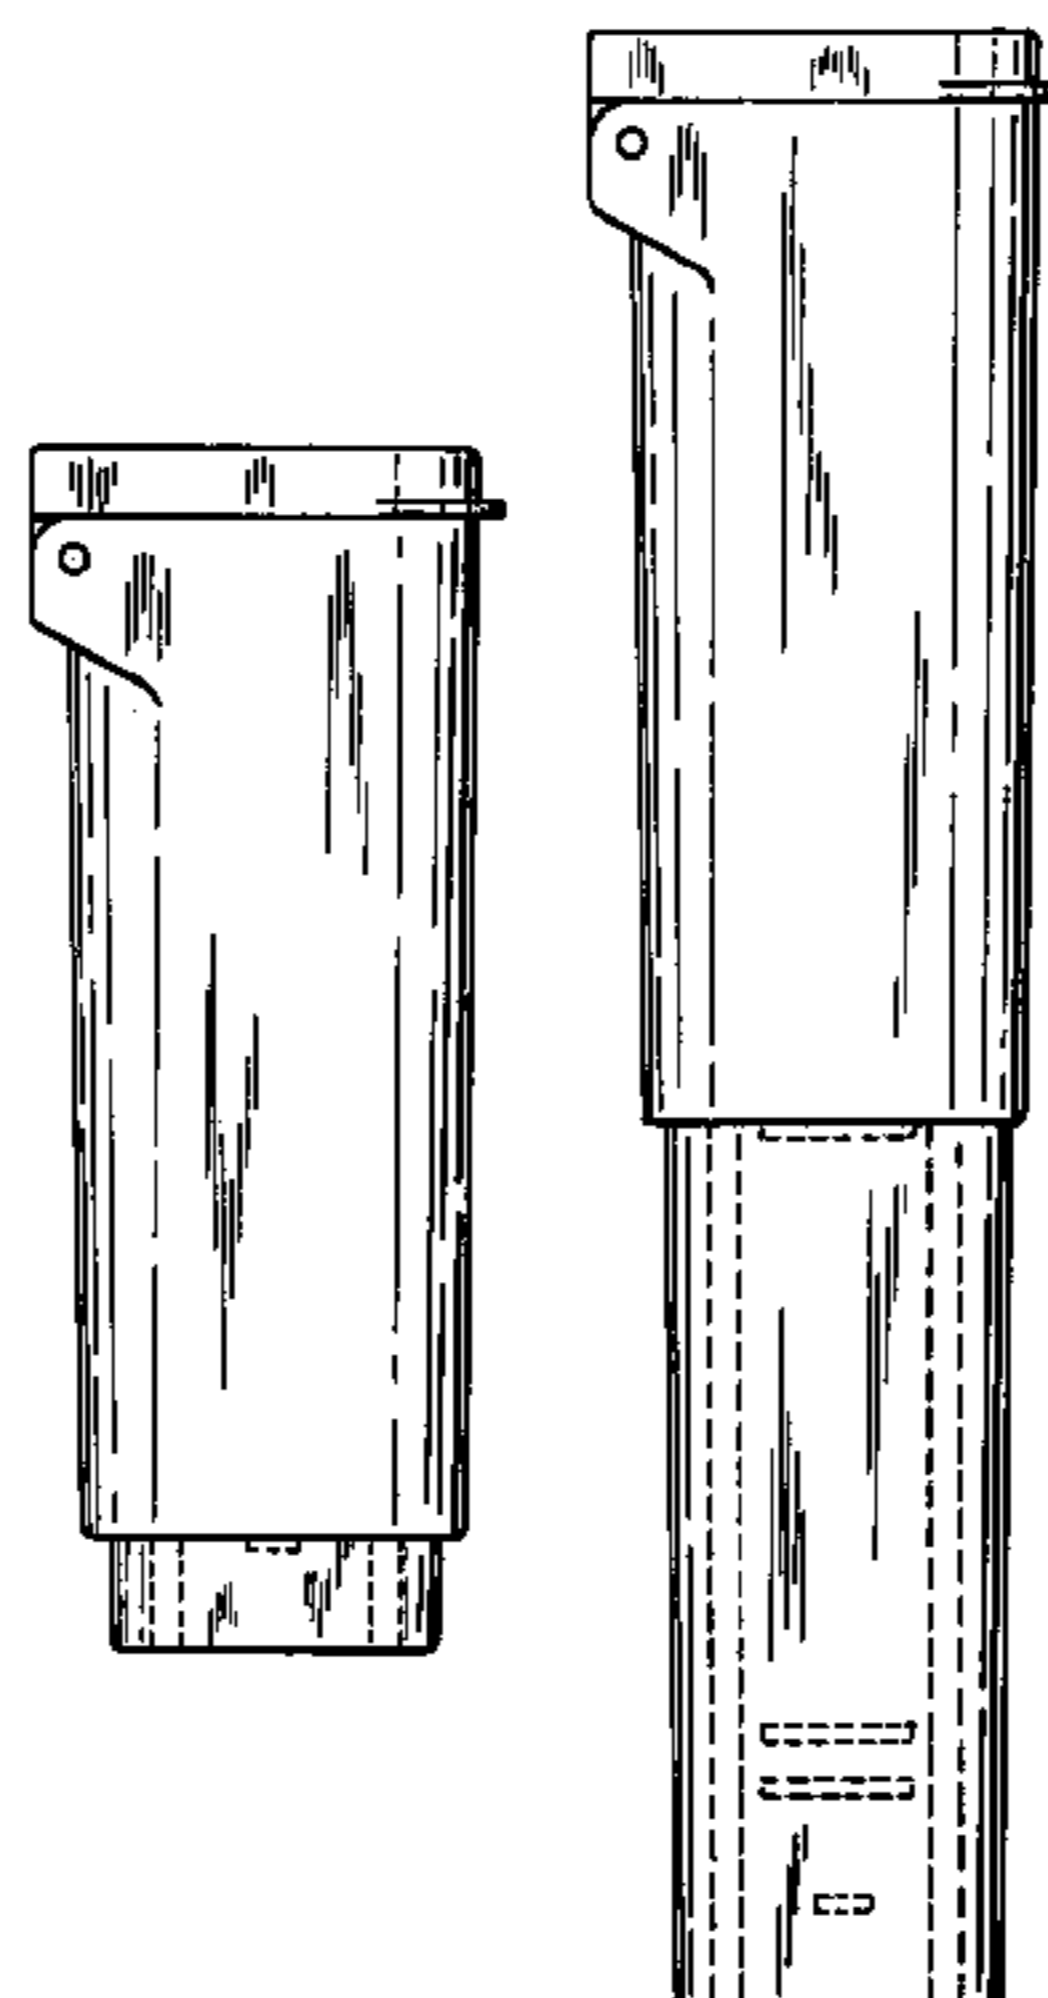

FIG. 10 is an enlarged right side elevational view of the telescopic container shown in FIG. 7;

FIG. 11 is an enlarged top plan view of the telescopic container shown in FIG. 7; and,

FIG. 12 is an enlarged bottom plan view of the telescopic container shown in FIG. 7.

The broken lines showing the raised projections on the surface of the telescopic container are for illustrative purposes only and form no part of the claimed design.
