(57) **CLAIM**

I claim the ornamental design for footwear, as shown and described.

DESCRIPTION

FIG. 1 is a rear and side perspective view of footwear, showing my new design; and,

FIG. 2 is a side elevation view thereof.

The broken line showing in the drawing figures of the sole of the article of footwear, and of other features and contour of the article of footwear, is for illustrative purposes only and forms no part of the claimed design.

The two jagged broken line segments in each of the drawing figures represent parts of the boundary of the claimed design, although the claimed design does not include the jagged broken line segments.

Any surface of the footwear not shown, or any part of any such surface not shown, is not part of the claimed design.
