(57) **CLAIM**

The ornamental design for a rail for tool mounting brackets and the like, as shown as described.

**DESCRIPTION**

FIG. 1 is a perspective view of the rail for tool mounting brackets and the like of the present invention.

FIG. 2 is a top view of the rail for tool mounting brackets and the like of the present invention.

FIG. 3 is a front elevation view of the rail for tool mounting brackets and the like of the present invention, the rear elevation view being a mirror image thereof; and,

FIG. 4 is an end view of the rail for tool mounting brackets and the like of the present invention, the opposite end being a mirror image thereof.

The broken lines shown are for illustrative purposes only and form no part of the claimed design. The rail is of indeterminate length.
