(57) **CLAIM**

The ornamental design for an audio and docking station for handheld electronic device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an audio and docking station for handheld electronic device showing my new design;

FIG. 2 is a side elevational view of one side, the opposite side elevational view being a mirror image thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a perspective view illustrating the positioning of the handheld electronic device;

FIG. 6 is a side view illustrating the positioning of the handheld electronic device;

FIG. 7 is a front view illustrating the positioning of the handheld electronic device; and,

FIG. 8 is a top plan view illustrating the positioning of the handheld electronic device.

The broken line showings of the circles on the front, the rectangle on the top, and the lines and ports on the rear, as well as the handheld electronic device in FIGS. 5–8 are for illustrative purposes only and form no part of the claimed design.

1 Claim, 4 Drawing Sheets
