FIG. 1 is a perspective view of a crayon according to the present invention;

FIG. 2 is another perspective view of a crayon according to the present invention;

FIG. 3 is a top view of a crayon according to the present invention;

FIG. 4 is a side view of a crayon according to the present invention;

FIG. 5 is a bottom view of a crayon according to the present invention;

FIG. 6 is a front view of a crayon according to the present invention;

FIG. 7 is another side view of a crayon according to the present invention; and,

FIG. 8 is a rear view of a crayon according to the present invention.
