(57) **CLAIM**

I claim the ornamental design for a tabletop mounted connection box, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the tabletop mounted connection box of the present invention in its open configuration.

FIG. 2 is a perspective view of the tabletop mounted connection box of the present invention in its closed configuration.

FIG. 3 is a front elevation of the tabletop mounted connection box of the present invention in its open configuration.

FIG. 4 is a front elevation of the tabletop mounted connection box of the present invention in its closed configuration.

FIG. 5 is a rear elevation of the tabletop mounted connection box of the present invention in its open configuration.

FIG. 6 is a side elevation of the tabletop mounted connection box of the present invention in its open configuration.

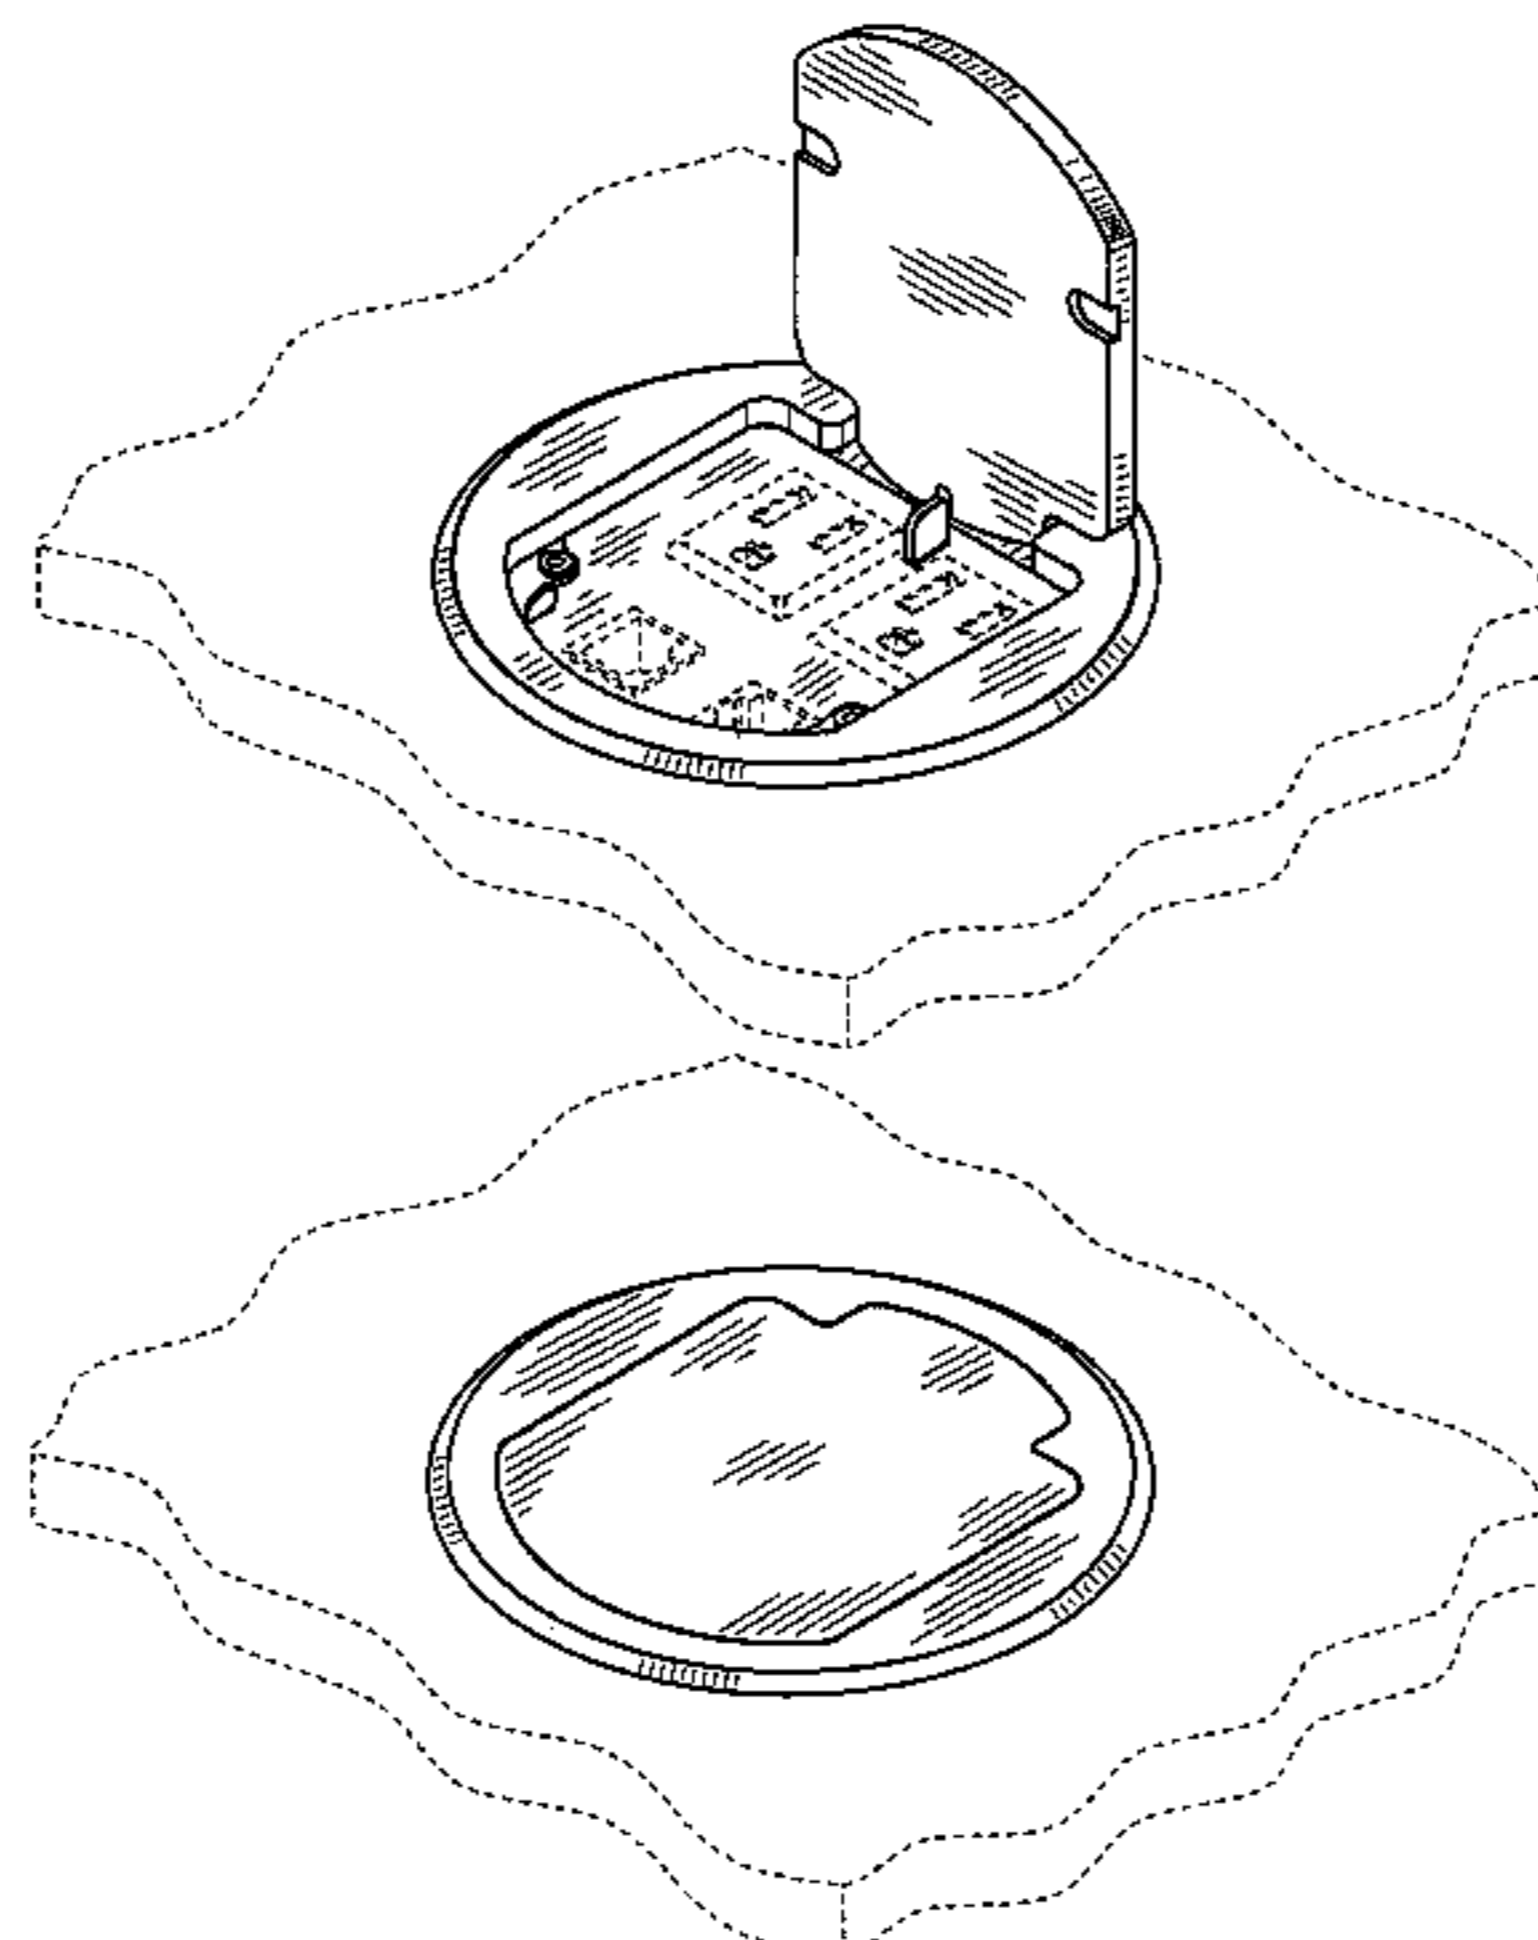

FIG. 7 is a side elevation of the tabletop mounted connection box of the present invention in its closed configuration.

FIG. 8 is a plan view of the tabletop mounted connection box of the present invention in its open configuration; and,

FIG. 9 is a plan view of the tabletop mounted connection box of the present invention in its closed configuration.

The broken lines depict unclaimed environmental subject matter.
