(57) **CLAIM**

The ornamental design for a fishing gear holder belt, as shown.

DESCRIPTION

FIG. 1 is a front elevation of the fishing gear holder belt showing my new design;

FIG. 2 is a rear elevation thereof;

FIG. 3 is a right side elevation thereof;

FIG. 4 is a left side elevation thereof;

FIG. 5 is a top plan view thereof;

FIG. 6 is a bottom plan thereof;

FIG. 7 is a front elevational view showing the fishing gear holder belt as it would appear if it was secured about the waist of a fisherman in its use position. The needle-nose pliers, the bottom portion of a fishing rod and the scissors being for illustrative purposes only form no part of the claimed design;

FIG. 8 is a rear elevational view showing the fishing gear holder belt as it would appear if it was secured about the waist of a fisherman in its use position. The needle-nose pliers and the scissors being for illustrative purposes only form no part of the claimed design;

FIG. 9 is a right side elevational view showing the fishing gear holder belt as it would appear if it was secured about the waist of a fisherman in its use position. The needle-nose pliers and the bottom portion of a fishing rod being for illustrative purposes only form no part of the claimed design; and,

FIG. 10 is a left side elevational view showing the fishing gear holder belt as it would appear if it was secured about the waist of a fisherman in its use position.

The scissors and the bottom portion of a fishing rod being for illustrative purposes only form no part of the claimed design.
