(**) Term: **14 Years**

(57) **CLAIM**

(21) Appl. No.: **29/285,118**

The ornamental design for a combination wall cover and door stop, substantially as shown and described.

(22) Filed: **Mar. 20, 2007**

DESCRIPTION

(51) **LOC (8) Cl.** **08-09**

(52) **U.S. Cl.** **D8/402**

(58) **Field of Classification Search** D8/350,
D8/400, 402; D6/300; D11/132; 16/82,
16/86 R, 86 A, 86 B

The combination wall cover and door stop (also known as a wall cover and door bumper) in which the design is embodied is used to cover holes in walls created by a door knob or lever when the door is pushed, shoved or swung against the wall, and as a door stop used to absorb the energy of a door knob or lever when the door is pushed, shoved or swung toward the wall to prevent the formation of holes in the wall.

See application file for complete search history.

FIG. 1 is a top front perspective view of the combination wall cover and door stop showing my new design;

FIG. 2 is a top elevation view thereof;

FIG. 3 is a side elevation view with a corner centered in the view, all sides be identical;

FIG. 4 is a side elevation view with a side wall centered in the view, all sides be identical; and,

FIG. 5 is a bottom elevation view thereof.

The broken lines presented in the drawings are for illustration of structure and boundaries only and form no part of the claimed design.
