(57) **CLAIM**

The ornamental design for a remote weapon control unit, as shown and described.

**DESCRIPTION**

FIG. 1 is a top perspective view of a remote weapon control unit, showing my new design, in an operating condition; and,

FIG. 2 is an alternate top perspective view thereof, in an alternate condition.

This design is not limited to the exact details shown in the drawings, since equivalents and colorable imitations thereof will be evident to a person of ordinary skill in the art. Thus, within the scope of the appended claim, which is intended to cover only the ornamental and novel elements shown in the drawings, the invention may be practiced otherwise than as specifically shown and described herein.
