(57) **CLAIM**

The ornamental design for a sterile cover for doctor's console for laser eye surgery, as shown and described.

DESCRIPTION

FIG. **1** is a front elevational view of a sterile cover for doctor's console for laser eye surgery showing the new design, the rear view being a mirror image;

FIG. **2** is top plan view thereof;

FIG. **3** is a right side elevational view thereof, the left side view being a mirror image; and,

FIG. **4** is a perspective view the sterile cover as used, with the doctor's console of a laser eye surgery system shown in broken lines, where the broken lines are for illustrative purposes only and form no part of the claimed design.
