See application file for complete search history.

DESCRIPTION

FIG. 1 is a perspective view of a signal module.

FIG. 2 is a front view of the signal module illustrated in FIG. 1; the rear being a mirror image thereof.

FIG. 3 is a side view of the signal module shown in FIG. 1; the other side being a mirror image thereof; and,

FIG. 4 is a top view of the signal module illustrated in FIG. 1; the bottom being a mirror image thereof.

The signal module is shown broken away in FIGS. 1, 2 and 3 of the drawings to indicate indeterminate length, it being understood that it has a uniform shape and appearance throughout its length.
