**DESCRIPTION**

The sole FIGURE is a plan view of a sheet material with surface pattern, showing our new design.

The name **TORK** displayed on the sheet material with surface pattern is a trademark owned by the SCA Hygiene Products AB Corporation Sweden.

The broken lines around the design indicate that a specific length and width of sheet material forms no part of the claimed design, it being understood that the surface pattern repeats uniformly throughout the length and width of the sheet material.

See application file for complete search history.

The broken lines around the design define one repeat unit of the claimed design, which repeats in one or more directions.

U.S. PATENT DOCUMENTS

The sheet material is of negligible thickness, and so all the edge views would be single solid lines and so are not shown. The side opposite that shown in the drawing is plain and unornamented and its appearance is not claimed.
