(57) **CLAIM**

The ornamental design for a tissue roll dispenser cover, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The

copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyright rights whatsoever.

This application relates to the following design applications being filed concurrently herewith: U.S. Design patent application Ser. No. 29/242,372, filed Nov. 9, 2005, entitled Tissue Roll Dispenser; and U.S. Design patent application Ser. No. 29/242,373, filed Nov. 9, 2005, entitled Tissue Roll Dispenser.

This application still further relates to U.S. patent application Ser. No. 11/270,005 filed Nov. 9, 2005, entitled Tissue Roll Dispenser based on the aforementioned Provisional Applications.

FIG. 1 is a front view in elevation of the invention;

FIG. 2 is a perspective view of the inventive tissue roll dispenser cover;

FIG. 3 is a right side view in elevation of the inventive tissue roll dispenser cover;

FIG. 4 is a left side view in elevation of the tissue roll dispenser cover;

FIG. 5 is a rear view in elevation of the tissue roll dispenser cover;

FIG. 6 is a top plan view of the tissue roll dispenser cover; and,

FIG. 7 is a bottom plan view of the tissue roll dispenser cover.

The tissue roll dispenser cover is shown with 4 rolls of tissue outlined in phantom lines which form no part of the claimed design but are included to illustrate the lucency of the ornamental tissue roll dispenser cover. Likewise, the support elements of the dispenser (shown in lighter color than the cover) form no part of the claimed tissue roll dispenser cover design, but are included to show how it is mounted.

1 Claim, 5 Drawing Sheets
