(57) **CLAIM**

The ornamental design for a globe for a warning lamp, as shown and described.

DESCRIPTION

FIG. **1** is a front elevational view of the globe for a warning lamp according to the first embodiment of our new design, the rear elevational view and the left and right side elevational views being a mirror image of the front elevational view;

FIG. **2** is a top plan view thereof;

FIG. **3** is a bottom plan view thereof;

FIG. **4** is a vertical cross sectional view of the globe for a warning lamp shown in FIG. **1**;

FIG. **5** is an enlarged horizontal cross sectional view taken along the lines **5**—**5** in FIG. **1**;

FIG. **6** is a front elevational view of the globe for a warning lamp according to the second embodiment of our new design, the rear elevational view and the left and right side elevational views being a mirror image of the front elevational view;

FIG. **7** is a top plan view thereof;

FIG. **8** is a bottom plan view thereof;

FIG. **9** is a vertical cross sectional view of the globe for a warning lamp shown in FIG. **6**;

FIG. **10** is an enlarged horizontal cross sectional view taken along the lines **10**—**10** in FIG. **6**;

FIG. **11** is a front elevational view of the globe for a warning lamp according to the third embodiment of our new design, the rear elevational view and the left and right side elevational views being a mirror image of the front elevational view;

FIG. **12** is a top plan view thereof;

FIG. **13** is a bottom plan view thereof;

FIG. **14** is a vertical cross sectional view of the globe for a warning lamp shown in FIG. **11**; and,

FIG. **15** is an enlarged horizontal cross sectional view taken along the lines **15**—**15** in FIG. **11**.
