(57) **CLAIM**

The ornamental design for an optoelectronic sensor, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an optoelectronic sensor showing my new design;

FIG. 2 is another perspective view of an optoelectronic sensor showing my new design;

FIG. 3 is a top plan view an optoelectronic sensor showing my new design;

FIG. 4 is a left side elevational view of an optoelectronic sensor showing my new design, the right side elevational view being a mirror image thereof;

FIG. 5 is a bottom plan view of an optoelectronic sensor showing my new design;

FIG. 6 is a right end elevational view of an optoelectronic sensor showing my new design; and,

FIG. 7 is a left end elevational view of an optoelectronic sensor showing by new design, wherein the broken lines represent unclaimed subject matter.
