(57) **CLAIM**

The ornamental design for user interface for a display screen
on the top of a portable computer, as shown and described.

DESCRIPTION

The FIGURE is a front view of a user interface for a portion
of a display screen of the top of a portable computer showing
my new design.

The broken line showings of the regions inside the user
interface, the external display screen, and the top of a
portable computer are for illustrative purposes only and
form no part of the claimed design.
