(57) **CLAIM**

The ornamental design for a reduced profile loader system for pneumatic launching device, as shown.

DESCRIPTION

FIG. 1 is a left side view of the design with the lowest profile feed tube.

FIG. 2 is a left side view of the design with the middle profile feed tube.

FIG. 3 is a left side view of the design with the larger profile feed tube.

FIG. 4 is a right side view of the design with the larger profile feed tube, showing the lid in the open position; and, FIG. 5 is a top view of the design.

The ornamental design shown in the figures includes a loader tube which may be sized to accommodate a variable number of projectiles, and a lid closure.
