(57) CLAIM

We claim the ornamental design for a computing device, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a computing device while in an open position in accordance with the present design. The computing device may for example correspond to a portable or laptop computer.

FIG. 2 is a left view of the computing device while in a closed position.

FIG. 3 is a right side view computing device while in a closed position.

FIG. 4 is a front view computing device while in a closed position.

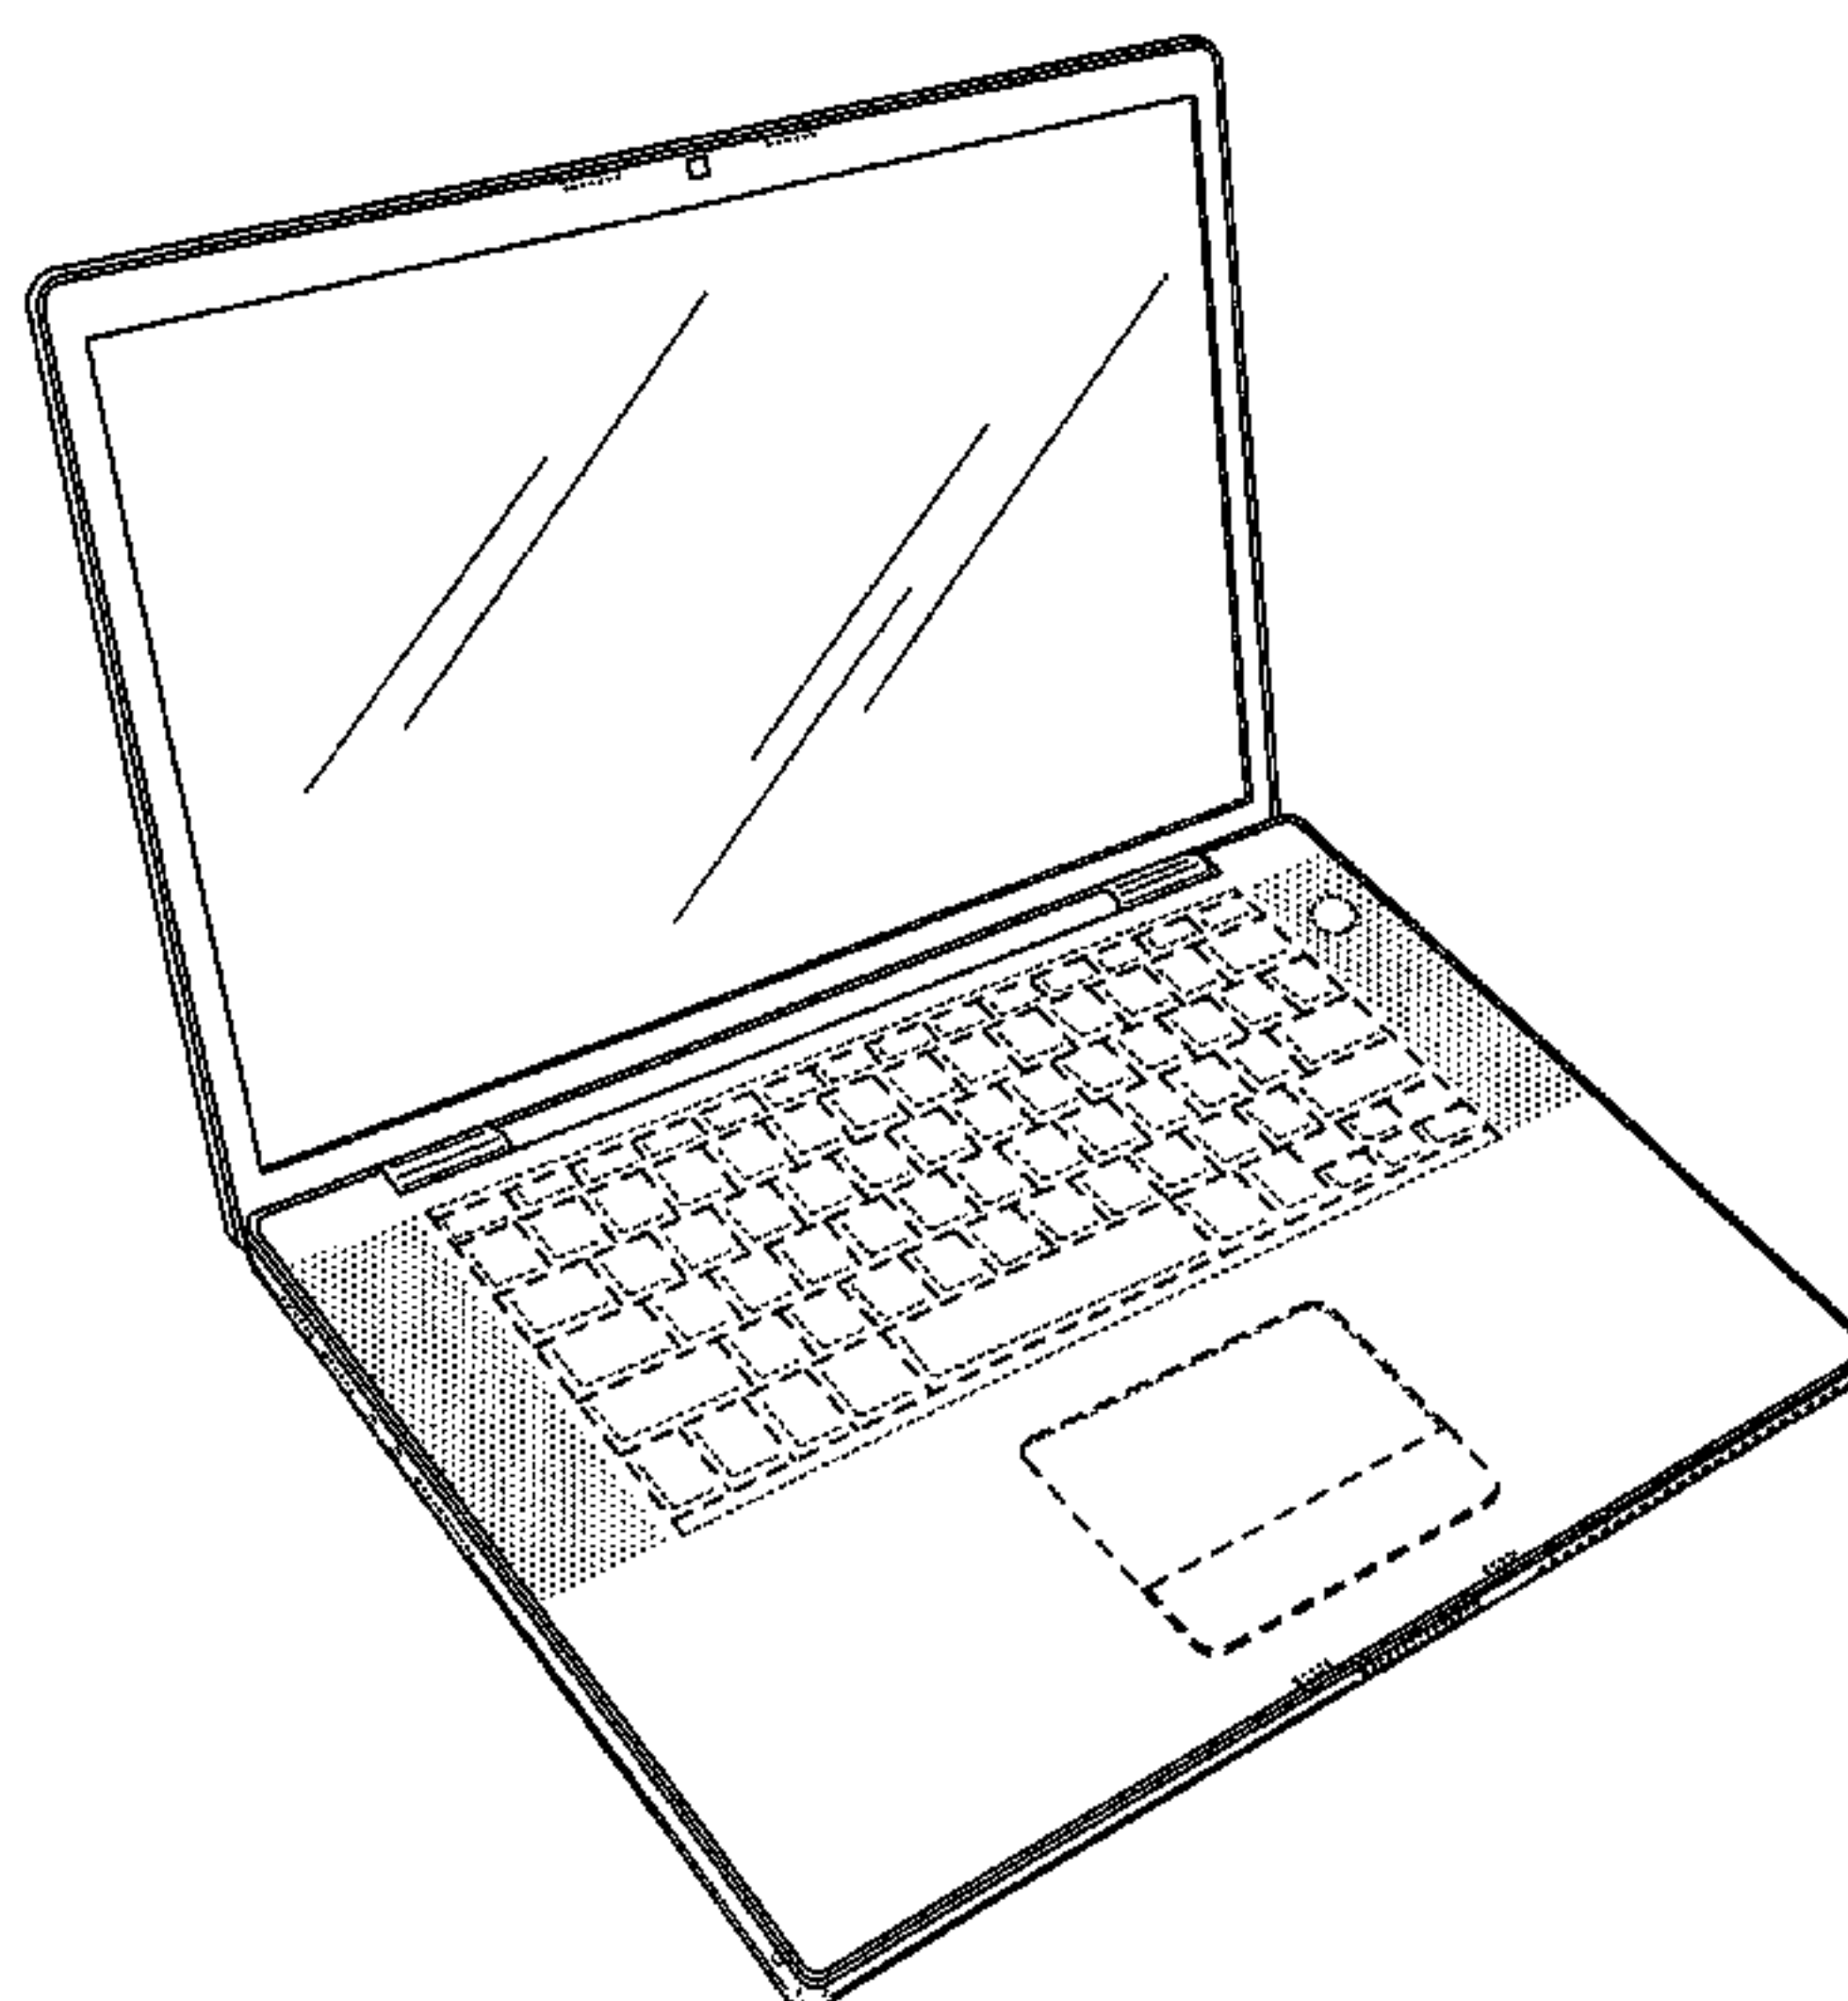

FIG. 5 is a rear view computing device while in a closed position.

FIG. 6 is a bottom view computing device while in a closed position; and,

FIG. 7 is a top view computing device while in a closed position.

The features shown in broken lines in the various Figures are for illustrating environmental structure and form no part of the claimed design.
