FIG. 2 is a perspective view of the spreader assembly having a hopper and a base and those lines shown in phantom form no part of the claimed invention;

FIG. 3 is a side view of the spreader assembly;

FIG. 4 is a top view of the spreader assembly;

FIG. 5 is a rear view of the spreader assembly;

FIG. 6 is a front view of the spreader assembly; and,

FIG. 7 is an exploded perspective view of the hopper and the base and those lines shown in phantom form no part of the claimed invention.

The broken line showing of a bed mounted spreader is included for the purpose of illustrating environmental structure and forms no part of the claimed design.
