*Primary Examiner*—Mitchell Siegel

(57) **CLAIM**

The ornamental design for a computer release latch, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of the design for the computer release latch illustrated in a closed or latched position with respect to the broken line showing of the computer;

FIG. 2 is a perspective view of the design for the computer release latch illustrated in an open or unlatched position with respect to the broken line showing of the computer;

FIG. 3 is a rear perspective of the design for the computer release latch as illustrated in FIG. 2;

FIG. 4 is a right side elevational view of the design for the computer release latch as illustrated in FIG. 2, the undisclosed right side being a mirror image;

FIG. 5 is an enlarged perspective view of the design for the computer release latch; and,

FIG. 6 is a rear perspective view of the design for the computer release latch as illustrated in FIG. 5.

The broken line showing of the computer is included for the purpose of illustrating and forms no part of the claimed design.
