(57) **CLAIM**

The ornamental design for a headgear for respiratory mask, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a headgear for a respiratory mask according to a first embodiment of our design, in a generally flat condition;

FIG. 2 is a rear view thereof;

FIG. 3 is a top view thereof;

FIG. 4 is a bottom view thereof;

FIG. 5 is a right side view thereof, with the left side view being a mirror image thereof;

FIG. 6 is an exploded view thereof;

FIG. 7 is a slightly perspective side view thereof in an operative position on a model patient's head;

FIG. 8 is a front view of a headgear for a respiratory mask according to a second embodiment of our design, in a generally flat condition;

FIG. 9 is a rear view thereof;

FIG. 10 is a top view thereof;

FIG. 11 is a bottom view thereof;

FIG. 12 is a right side view thereof, with the left side view being a mirror image thereof;

FIG. 13 is an exploded view thereof; and,

FIG. 14 is a slightly perspective side view thereof in an operative position on a model patient's head.

Where included the use of broken lines is for purposes of showing environmental structure and forms no part of the claimed design. Various figures include stitching that is also shown in broken lines and thus forms no part of the claimed design.
