(57) **CLAIM**

The ornamental design for an electronic camera, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and side perspective view of an electronic camera showing our new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear view thereof;

FIG. 4 is a right side view thereof; and,

FIG. 5 is a top, front and side perspective view thereof with the front cover in a closed position.

The structure shown in broken lines is illustrative of the environmental structure in which the present invention is found, and is not claimed in this application.
