(57) **CLAIM**

The ornamental design for a label, as shown and described.

DESCRIPTION

FIG. 1 is a plan view of a label showing my new design, the top and bottom plan views being mirror images; and,

FIG. 2 is a plan view of a second embodiment of a label showing my new design similar to the label of FIG. 1 but specifically transparent, the top and bottom plan views being mirror images.

The edges of the label that may be seen by elevational views are plain and unornamented and have limited thickness and thus are not illustrated or claimed.
