(57) **CLAIM**

The ornamental design for an electrocardiograph (ECG) heart monitoring electrode, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view showing the rear, top and left side of an electrocardiograph (ECG) heart monitoring electrode which forms my new design, the broken lines of an electrical conductor in this and other figures being for illustrative purposes and forming no part of my design;

FIG. 2 is a rear elevational view thereof;

FIG. 3 is a left side elevational view thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a front elevational view thereof;

FIG. 6 is a top plan view thereof; and,

FIG. 7 is a bottom plan view thereof.

The short intersecting lines in FIGS. 1-7 are understood to represent a woven mesh.
