(57) **CLAIM**

The ornamental design for a twist up pen type dispenser with brush applicator, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of the twist up pen type dispenser with brush applicator showing a cap in a closed position covering the brush applicator. The side of the twist up pen type dispenser with brush applicator opposite to that shown in FIG. 1 is a mirror image of that shown in FIG. 1.

FIG. 2 is a side elevational view of the twist up pen type dispenser with brush applicator showing the cap in an open position. The side of the twist up pen type dispenser with brush applicator opposite to that shown in FIG. 2 is a mirror image of that shown in FIG. 2.

FIG. 3 is a side elevational view of the twist up pen type dispenser with brush applicator without the cap.

FIG. 4 is a front elevational view of the twist up pen type dispenser with brush applicator without the cap.

FIG. 5 is a back elevational view of the twist up pen type dispenser with brush applicator without the cap.

FIG. 6 is a top plan view of the twist up pen type dispenser with brush applicator without the cap; and,

FIG. 7 is a bottom plan view of the twist up pen type dispenser with brush applicator.

The cap is omitted in FIGS. 4–6 for ease of illustration.
