(57) **CLAIM**

I claim the ornamental design for an asymmetric hanger for
the suspension of objects, as shown and described.

DESCRIPTION

FIG. 1 shows an isometric view of the new design for a
hanger apparatus;

FIG. 2 shows a first side view of the new design;

FIG. 3 shows a second side view of the new design;

FIG. 4 shows a third side view of the new design;

FIG. 5 shows a cross-sectional view of the new design, taken
along line 5—5 of FIG. 3; and,

FIG. 6 shows a fourth side view of the new design in use,
with the first side adjacent a wall, and with multiple fasten-
ers securing the hanger apparatus to the wall.

The broken line showing of a fragmented wall and fasteners
is included for the purpose of illustrating environment and
forms no part of the claimed design.
