(57) **CLAIM**

The ornamental design for a pattern for a paper product package, as shown and described.

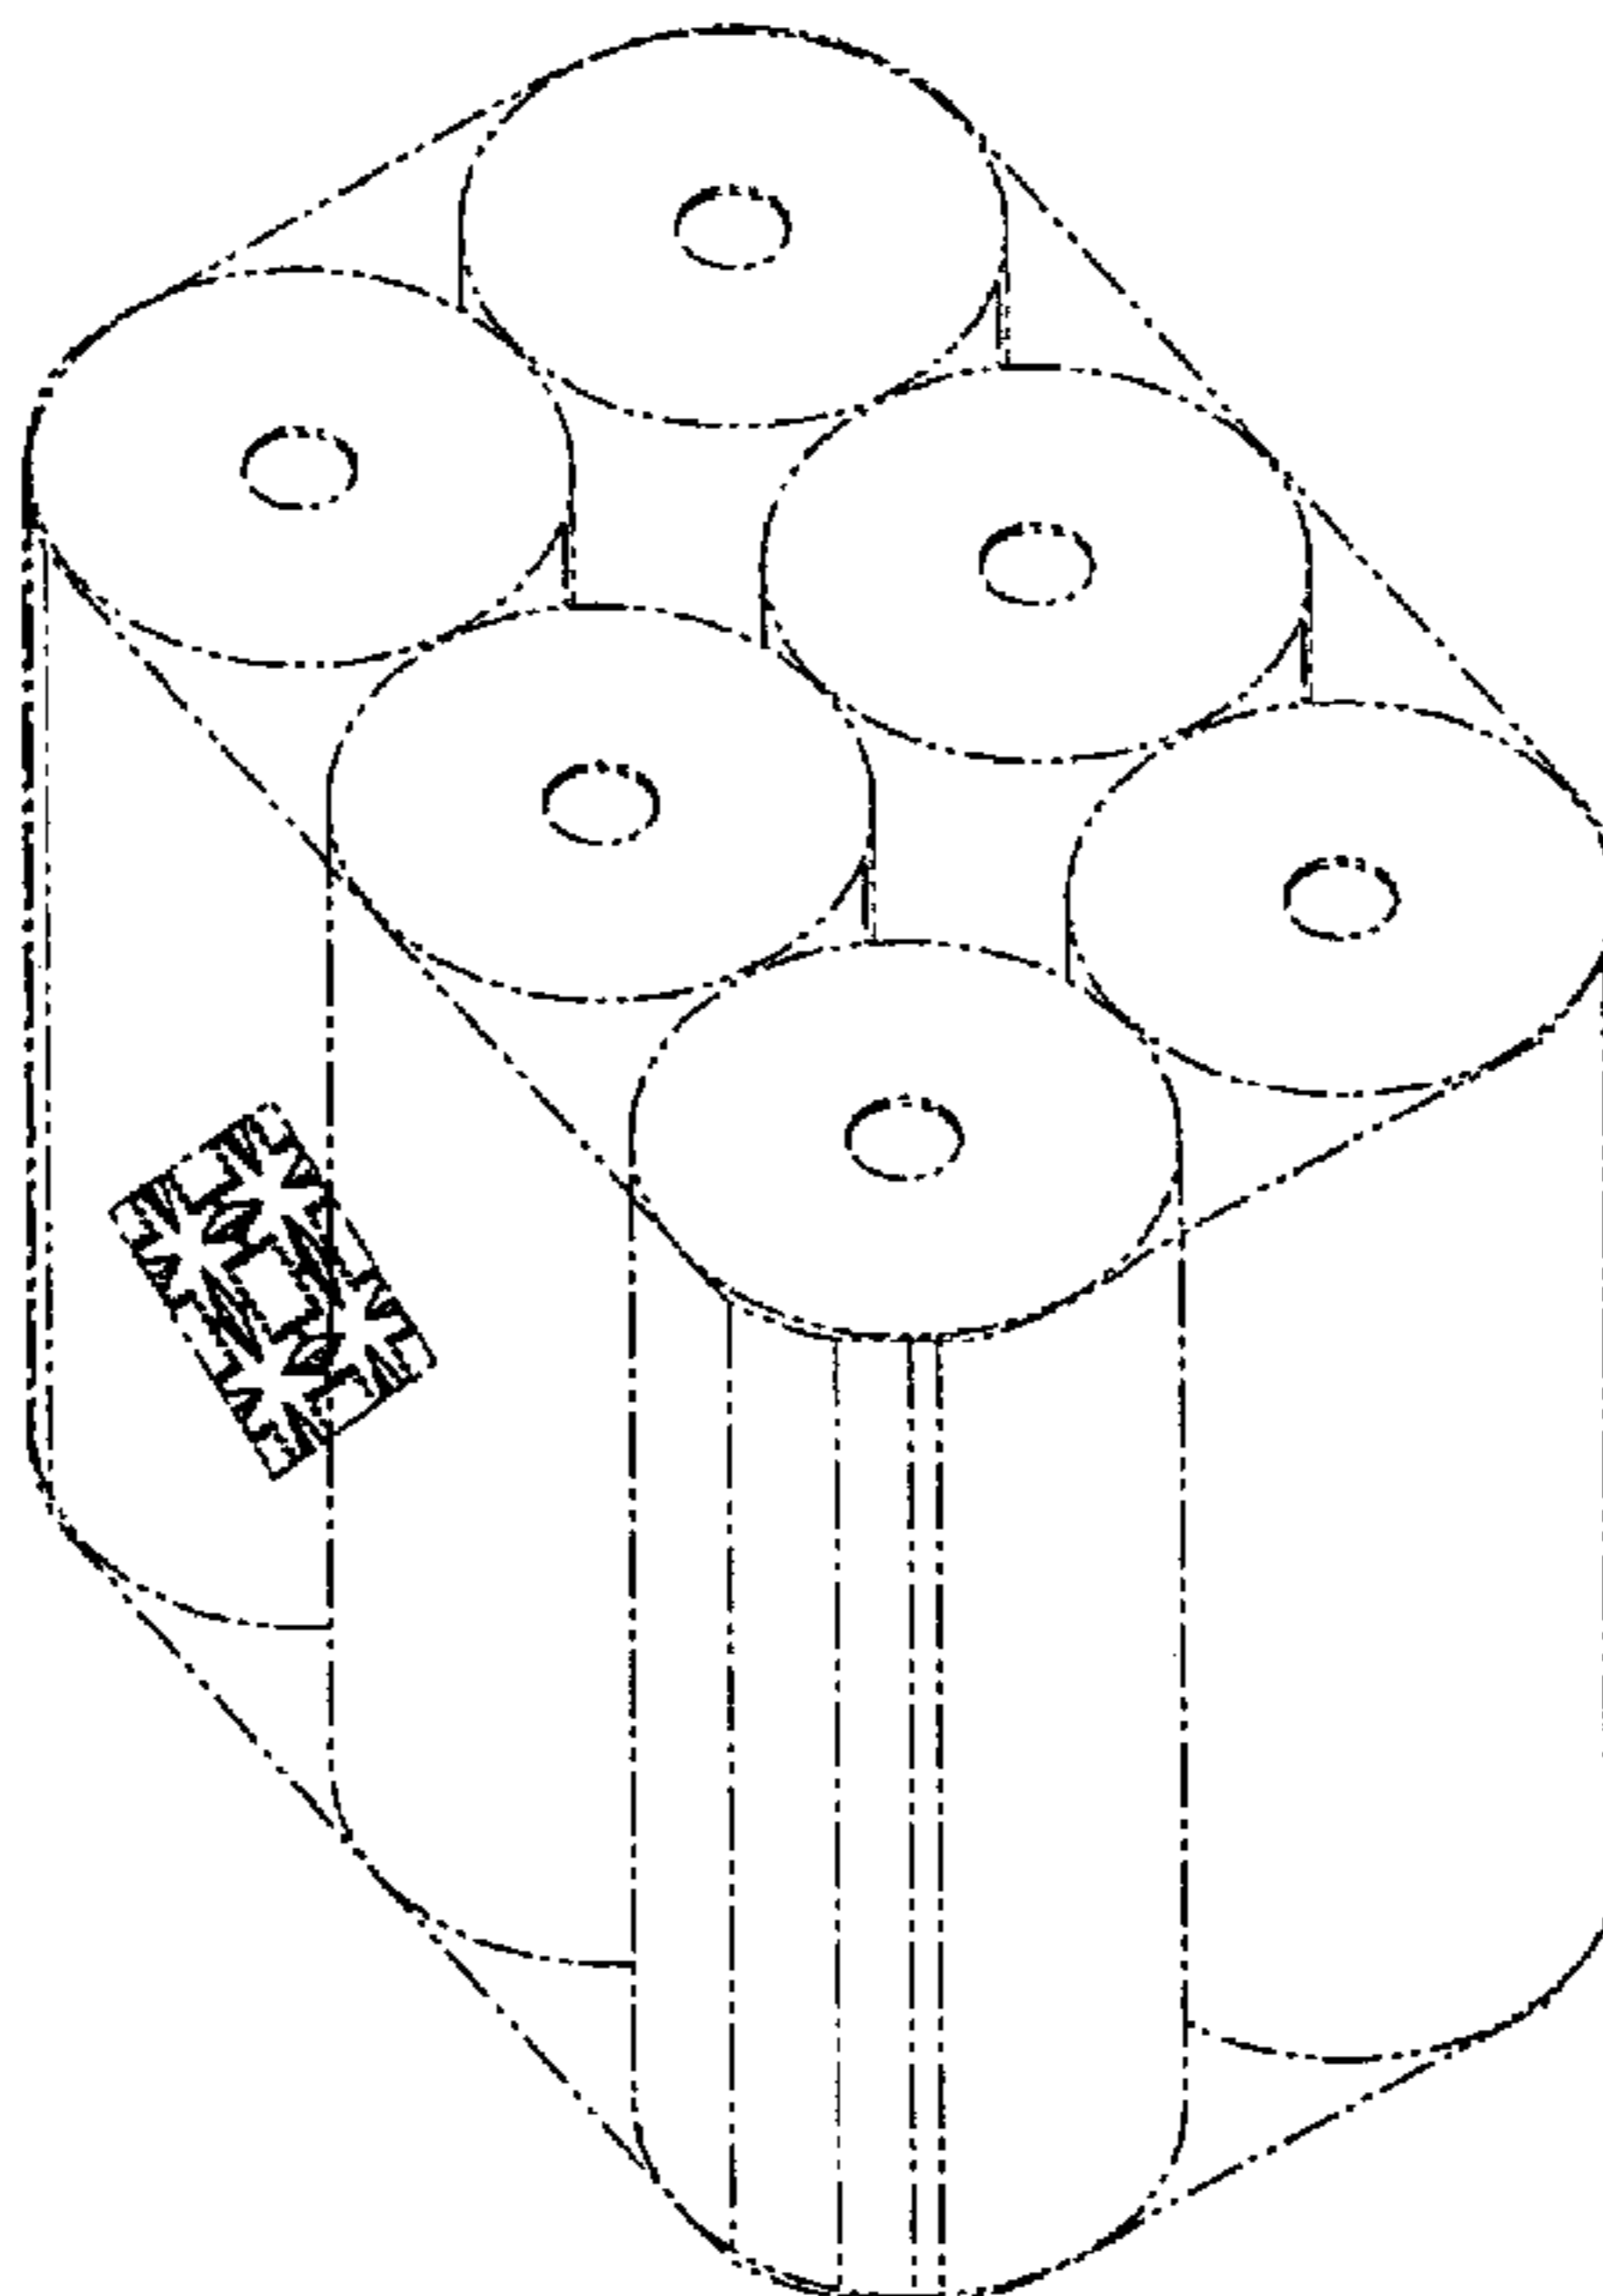

DESCRIPTION

FIG. 1 is a perspective view of the pattern for a paper product package; and,

FIG. 2 is a plain view thereof.

A unit of repeat is shown within the broken lines which indicate that the design may extend indefinitely to the boundaries, in one or more directions, of the paper product package on which it is embodied. The broken lines form no part of this claimed design.
