(57) **CLAIM**

The ornamental design for a soccer ball, as shown and described.

DESCRIPTION

The intended use of the article is a soccer ball ornamented to provide several diverse targets for the soccer player.

FIG. 1 is an upper left front isometric view of the ball surface thereof.

FIG. 2 is a frontal view of the ball surface thereof.

FIG. 3 is a top view of the ball surface thereof.

FIG. 4 is a right side view of the ball surface thereof.

FIG. 5 is a bottom view of the ball surface thereof; and,

FIG. 6 is a rear view of the ball surface thereof.

The dashed lines extending throughout the surface of the ball are included for the purpose of illustrating features of the ball that form no part of the claimed design. However, it is understood that the fine dotted lines within the target areas of the design are part of the surface graphics being claimed.
