(57) **CLAIM**

The ornamental design for a pneumatic tire, as shown and described.

DESCRIPTION

FIG. **1** is a front elevational view of a pneumatic tire showing my new design, it being understood that the tire pattern repeats circumferentially throughout the outer circumference.

FIG. **2** is a perspective view of one side of the pneumatic tire shown in FIG. **1**; and,

FIG. **3** is a side elevational view of one side of the pneumatic tire shown in FIG. **1**, the opposite side being of identical appearance.

The broken lines in the drawings depict environmental subject matter only and form no part of the claimed design.
