(57) **CLAIM**

The ornamental design for retractable memory stick, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the retractable memory stick in a retracted position;

FIG. 2 is a side view of the retractable memory stick in a retracted position;

FIG. 3 is a back view of the retractable memory stick in a retracted position;

FIG. 4 is a top view of the retractable memory stick in a retracted position;

FIG. 5 is a bottom view of the retractable memory stick in a retracted position;

FIG. 6 is a top view of the retractable memory stick in an extended position with the handle portion rotated 90°;

FIG. 7 is a front view of the retractable memory stick in an extended position with the handle portion rotated 90°;

FIG. 8 is a side view of the retractable memory stick in an extended position with the handle portion rotated 90°;

FIG. 9 is a bottom view of the retractable memory stick in an extended position with the handle portion rotated 90°;

FIG. 10 is a top view of the retractable memory stick in an extended position with the handle portion rotated 180°;

FIG. 11 is a front view of the retractable memory stick in an extended position with the handle portion rotated 180°;

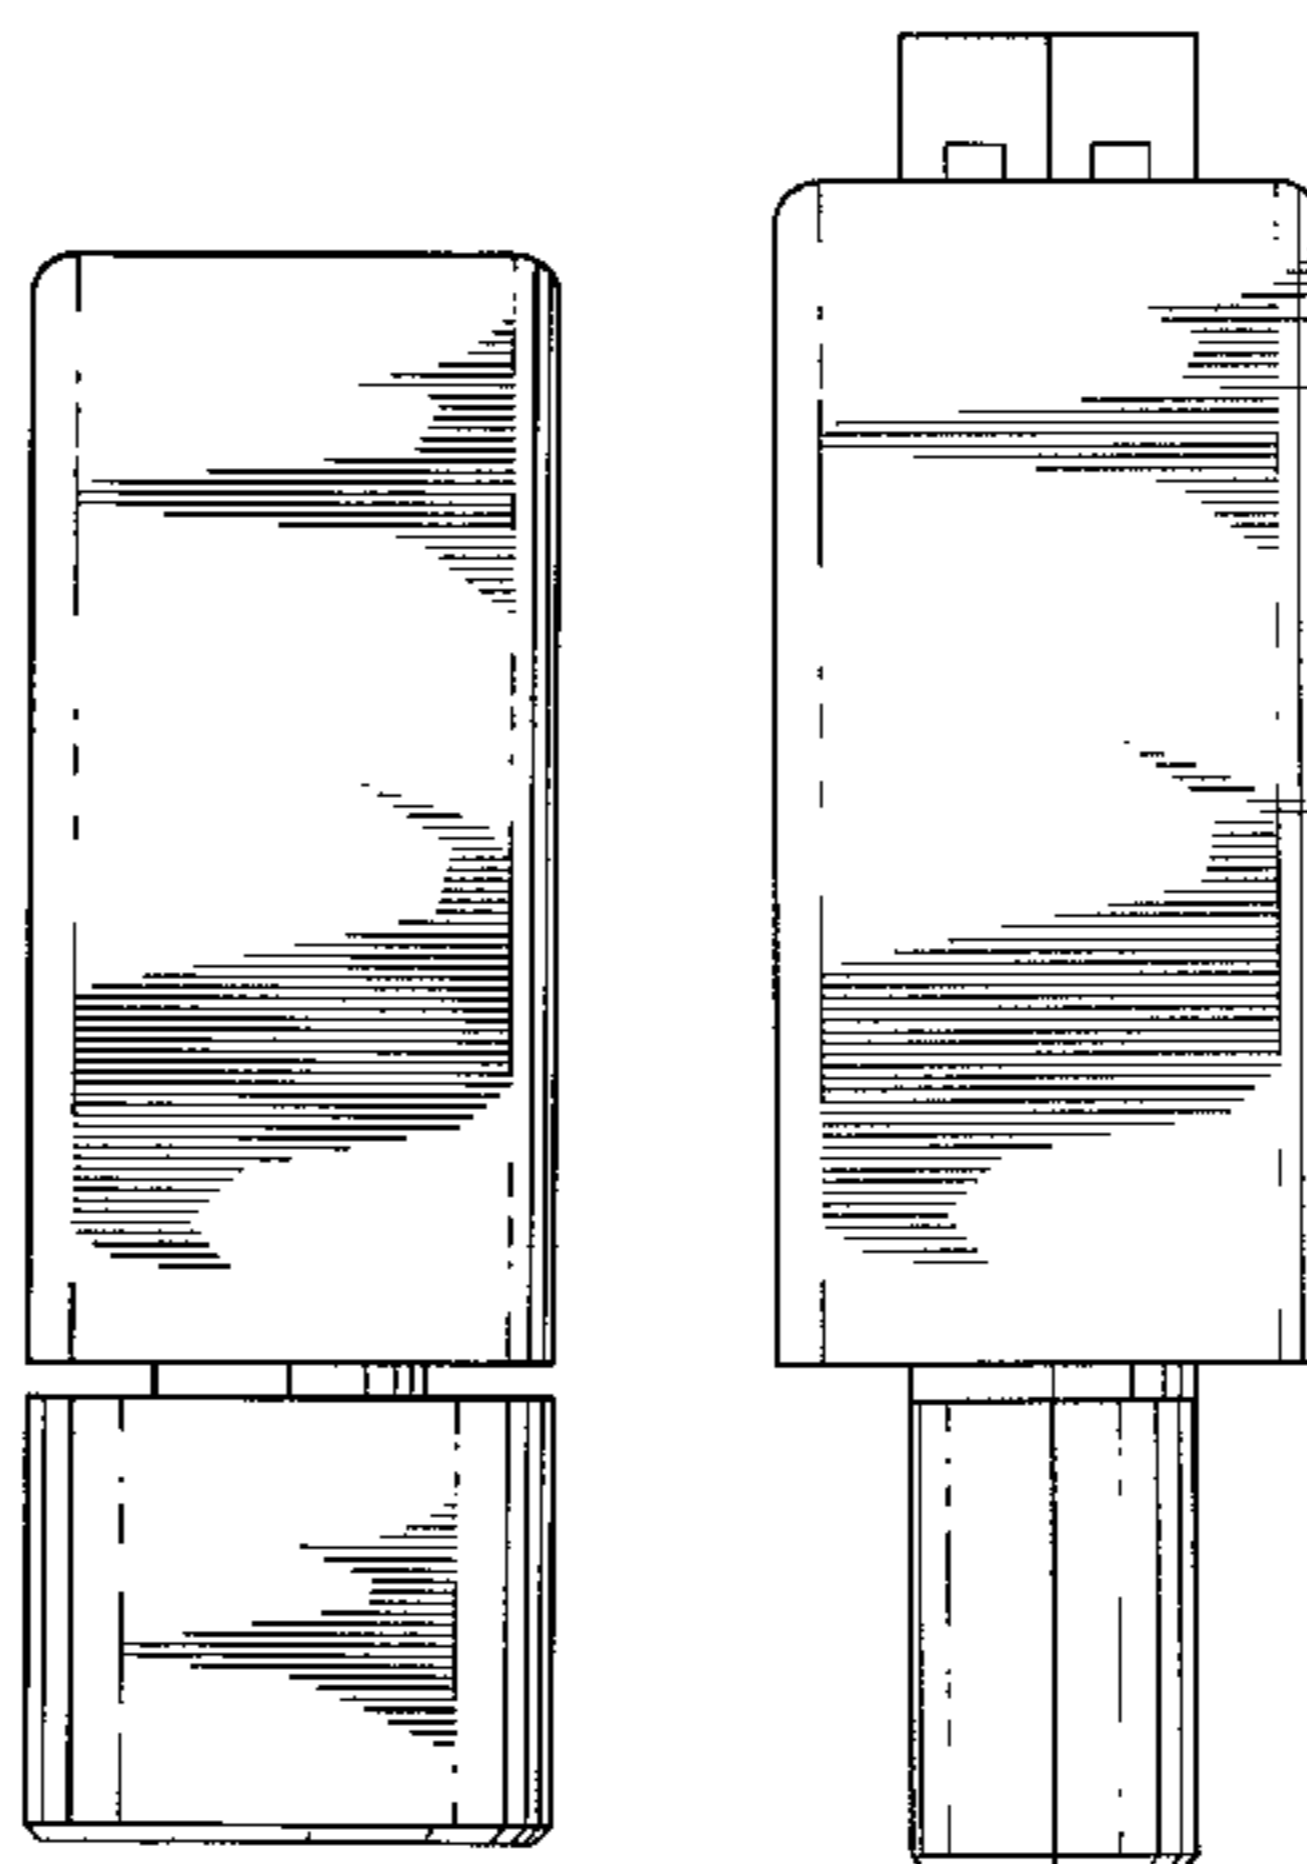

FIG. 12 is a side view of the retractable memory stick in an extended position with the handle portion rotated 180°;

FIG. 13 is a back view of the retractable memory stick in an extended position with the handle portion rotated 180°; and,

FIG. 14 is a bottom view of the retractable memory stick in an extended position with the handle portion rotated 180°.

The shading on the figures is provided only to distinguish between the flat and contoured portions of the device, such shading patterns are not intended to be viewed as part of the claimed retractable memory stick design.
