(57) **CLAIM**

I claim the ornamental design for the light fixture, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view showing the front, top, and side of a first embodiment of the light fixture of the present invention;

FIG. 2 is an elevational view of the front of the first embodiment of the light fixture of the present invention;

FIG. 3 is an elevational view of a first side of the first embodiment of the light fixture of the present invention;

FIG. 4 is an elevational view of the rear of the first embodiment of the light fixture of the present invention;

FIG. 5 is an elevational view of a second side of the first embodiment of the light fixture of the present invention;

FIG. 6 is a plan view of the top of the first embodiment of the light fixture of the present invention;

FIG. 7 is a plan view of the bottom of the first embodiment of the light fixture of the present invention;

FIG. 8 is a perspective view showing the front, top, and side of a second embodiment of the light fixture of the present invention;

FIG. 9 is an elevational view of the front of the second embodiment of the light fixture of the present invention;

FIG. 10 is an elevational view of a first side of the second embodiment of the light fixture of the present invention;

FIG. 11 is an elevational view of the rear of the second embodiment of the light fixture of the present invention;

FIG. 12 is an elevational view of a second side of the second embodiment of the light fixture of the present invention;

FIG. 13 is a plan view of the top of the second embodiment of the light fixture of the present invention; and,

FIG. 14 is a plan view of the bottom of the second embodiment of the light fixture of the present invention.

The broken lines shown are for illustrative purposes only and form no part of the claimed design.
