(57) **CLAIM**

The ornamental design for a ski equipment transport apparatus, as shown and described.

DESCRIPTION

FIG. 1 is a top right side perspective of a ski equipment transport apparatus showing my new design, wherein the broken line showing of the alpine skis and poles are included for the purpose of illustrating environmental structure and form no part of the claimed design.

FIG. 2 is a top right side perspective of the new inventive ski equipment transport apparatus of FIG. 1, showing both a ski equipment confinement portion confined within a transport caddy, and a security lock communicating with the transport caddy and combined for storage, wherein the broken line showing of the security lock is included for the purpose of illustrating environmental structure and form no part of the claimed design.

FIG. 3 is a top plan view of transport caddy portion of the new inventive ski equipment transport apparatus of FIG. 2.

FIG. 4 is a top right side perspective of the ski equipment confinement portion of the new inventive ski equipment transport apparatus of FIG. 2.

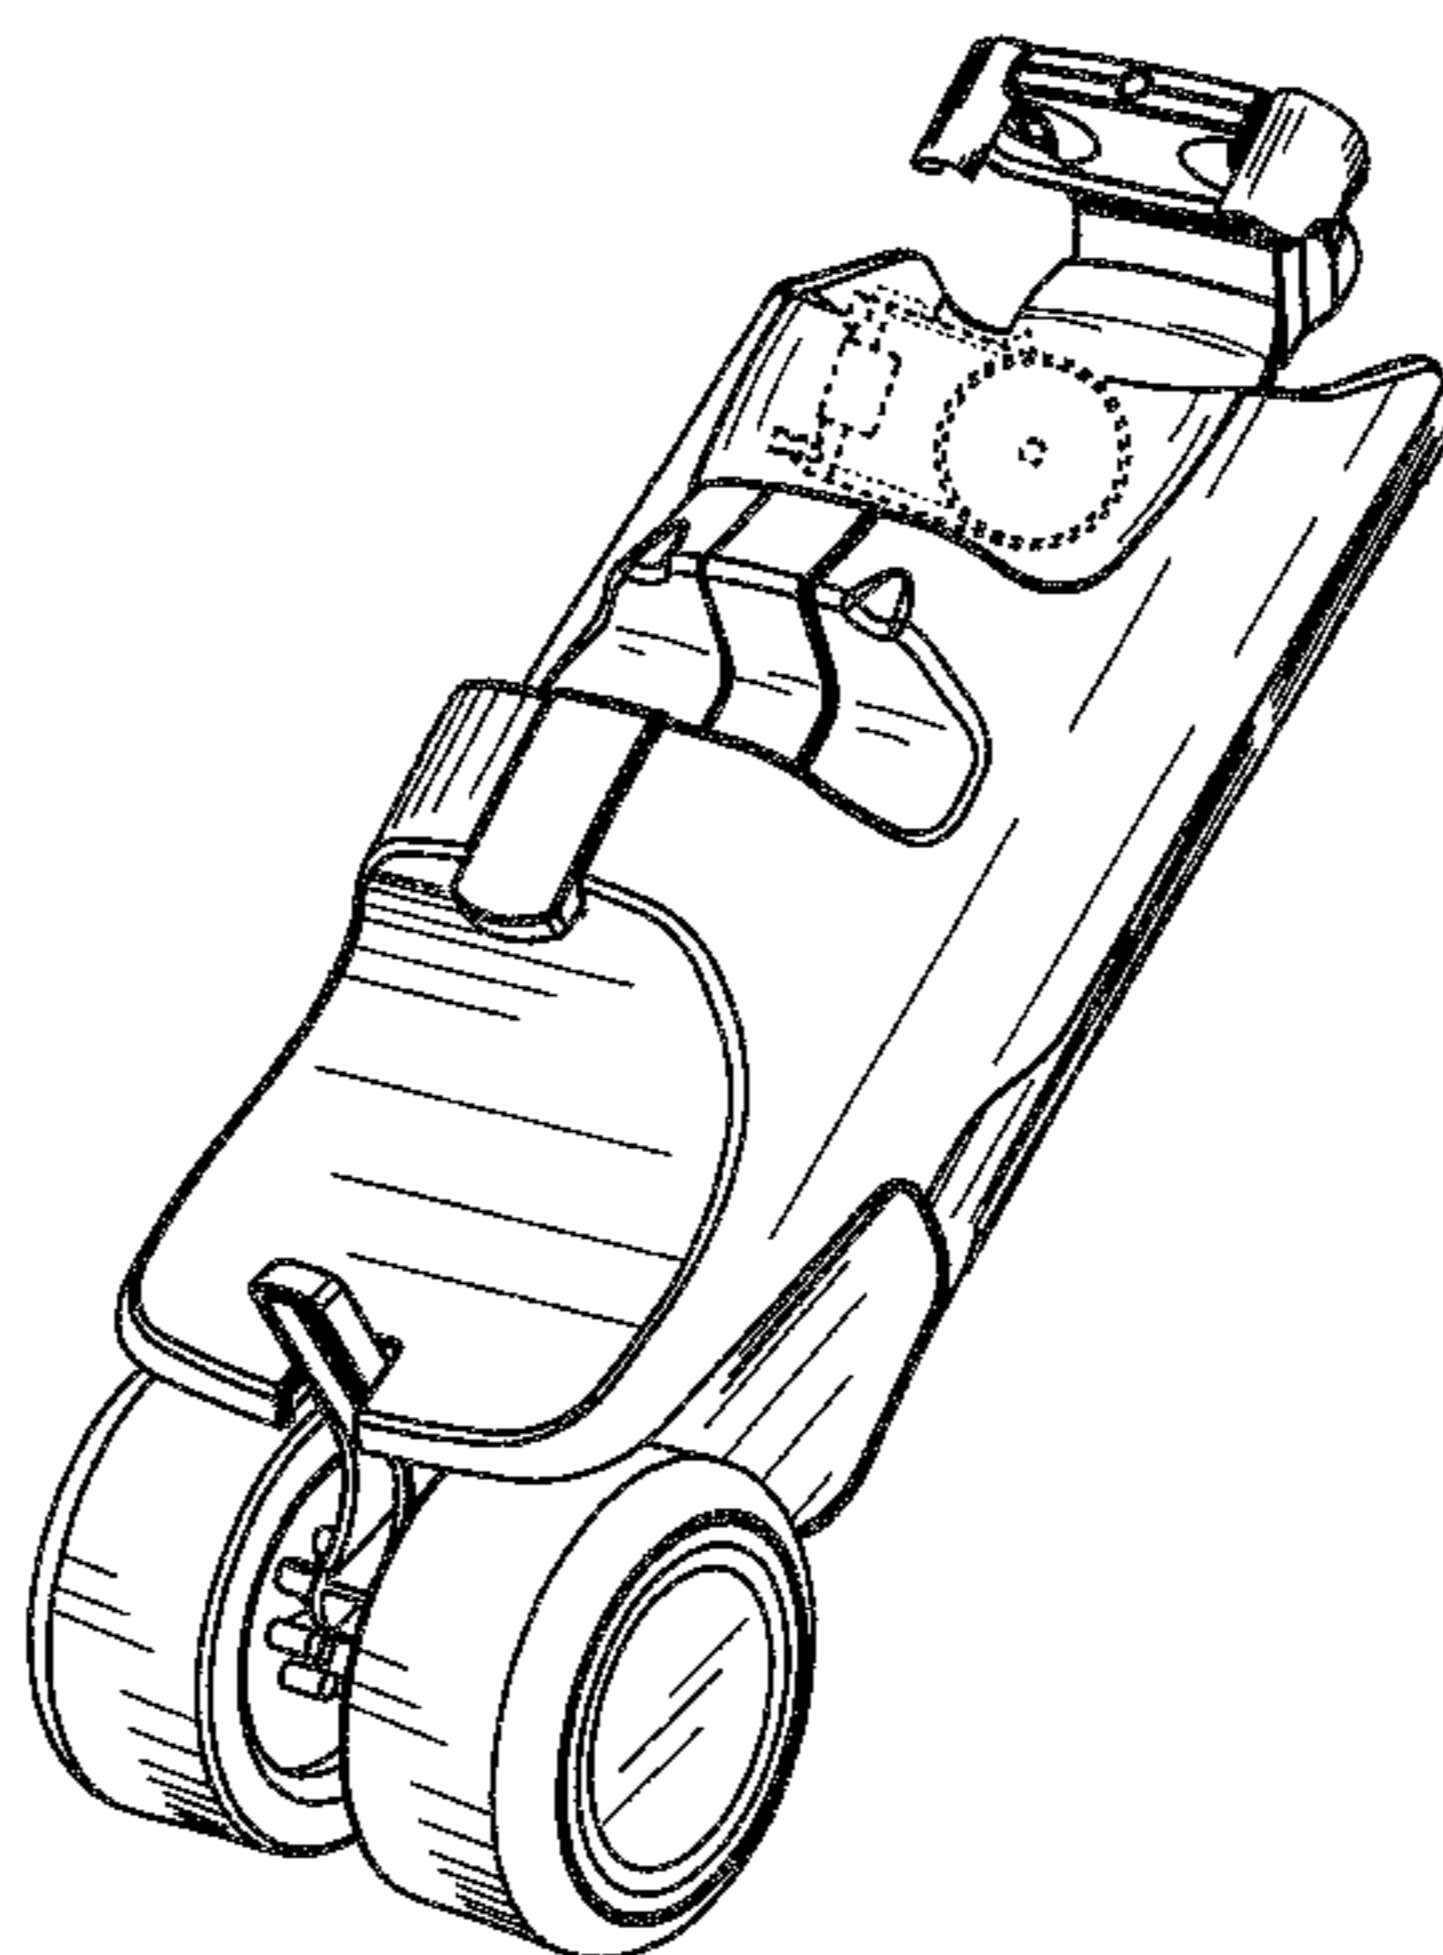

FIG. 5 is a bottom plan view of the ski equipment confinement portion of FIG. 4; and,

FIG. 6 is an elevational end view of the ski equipment confinement portion of FIG. 4.

The alpine skis and poles along with the security lock shown in broken lines are provided for environment purposes only and form no part of the claimed design.

The broken line portions of FIG. 5 form no part of the claimed design.
