(57) **CLAIM**

The ornamental design for a camera display, as shown and described.

DESCRIPTION

The nature and intended use of the article of manufacture in which the design of the present invention is embodied is a display, for example, a display for a digital camera.

FIG. 1 is a front elevational view of a camera display, showing the design thereof;

FIG. 2 is a rear elevational view thereof;

FIG. 3 is a left side elevational view thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a top plan view thereof;

FIG. 6 is a bottom plan view thereof;

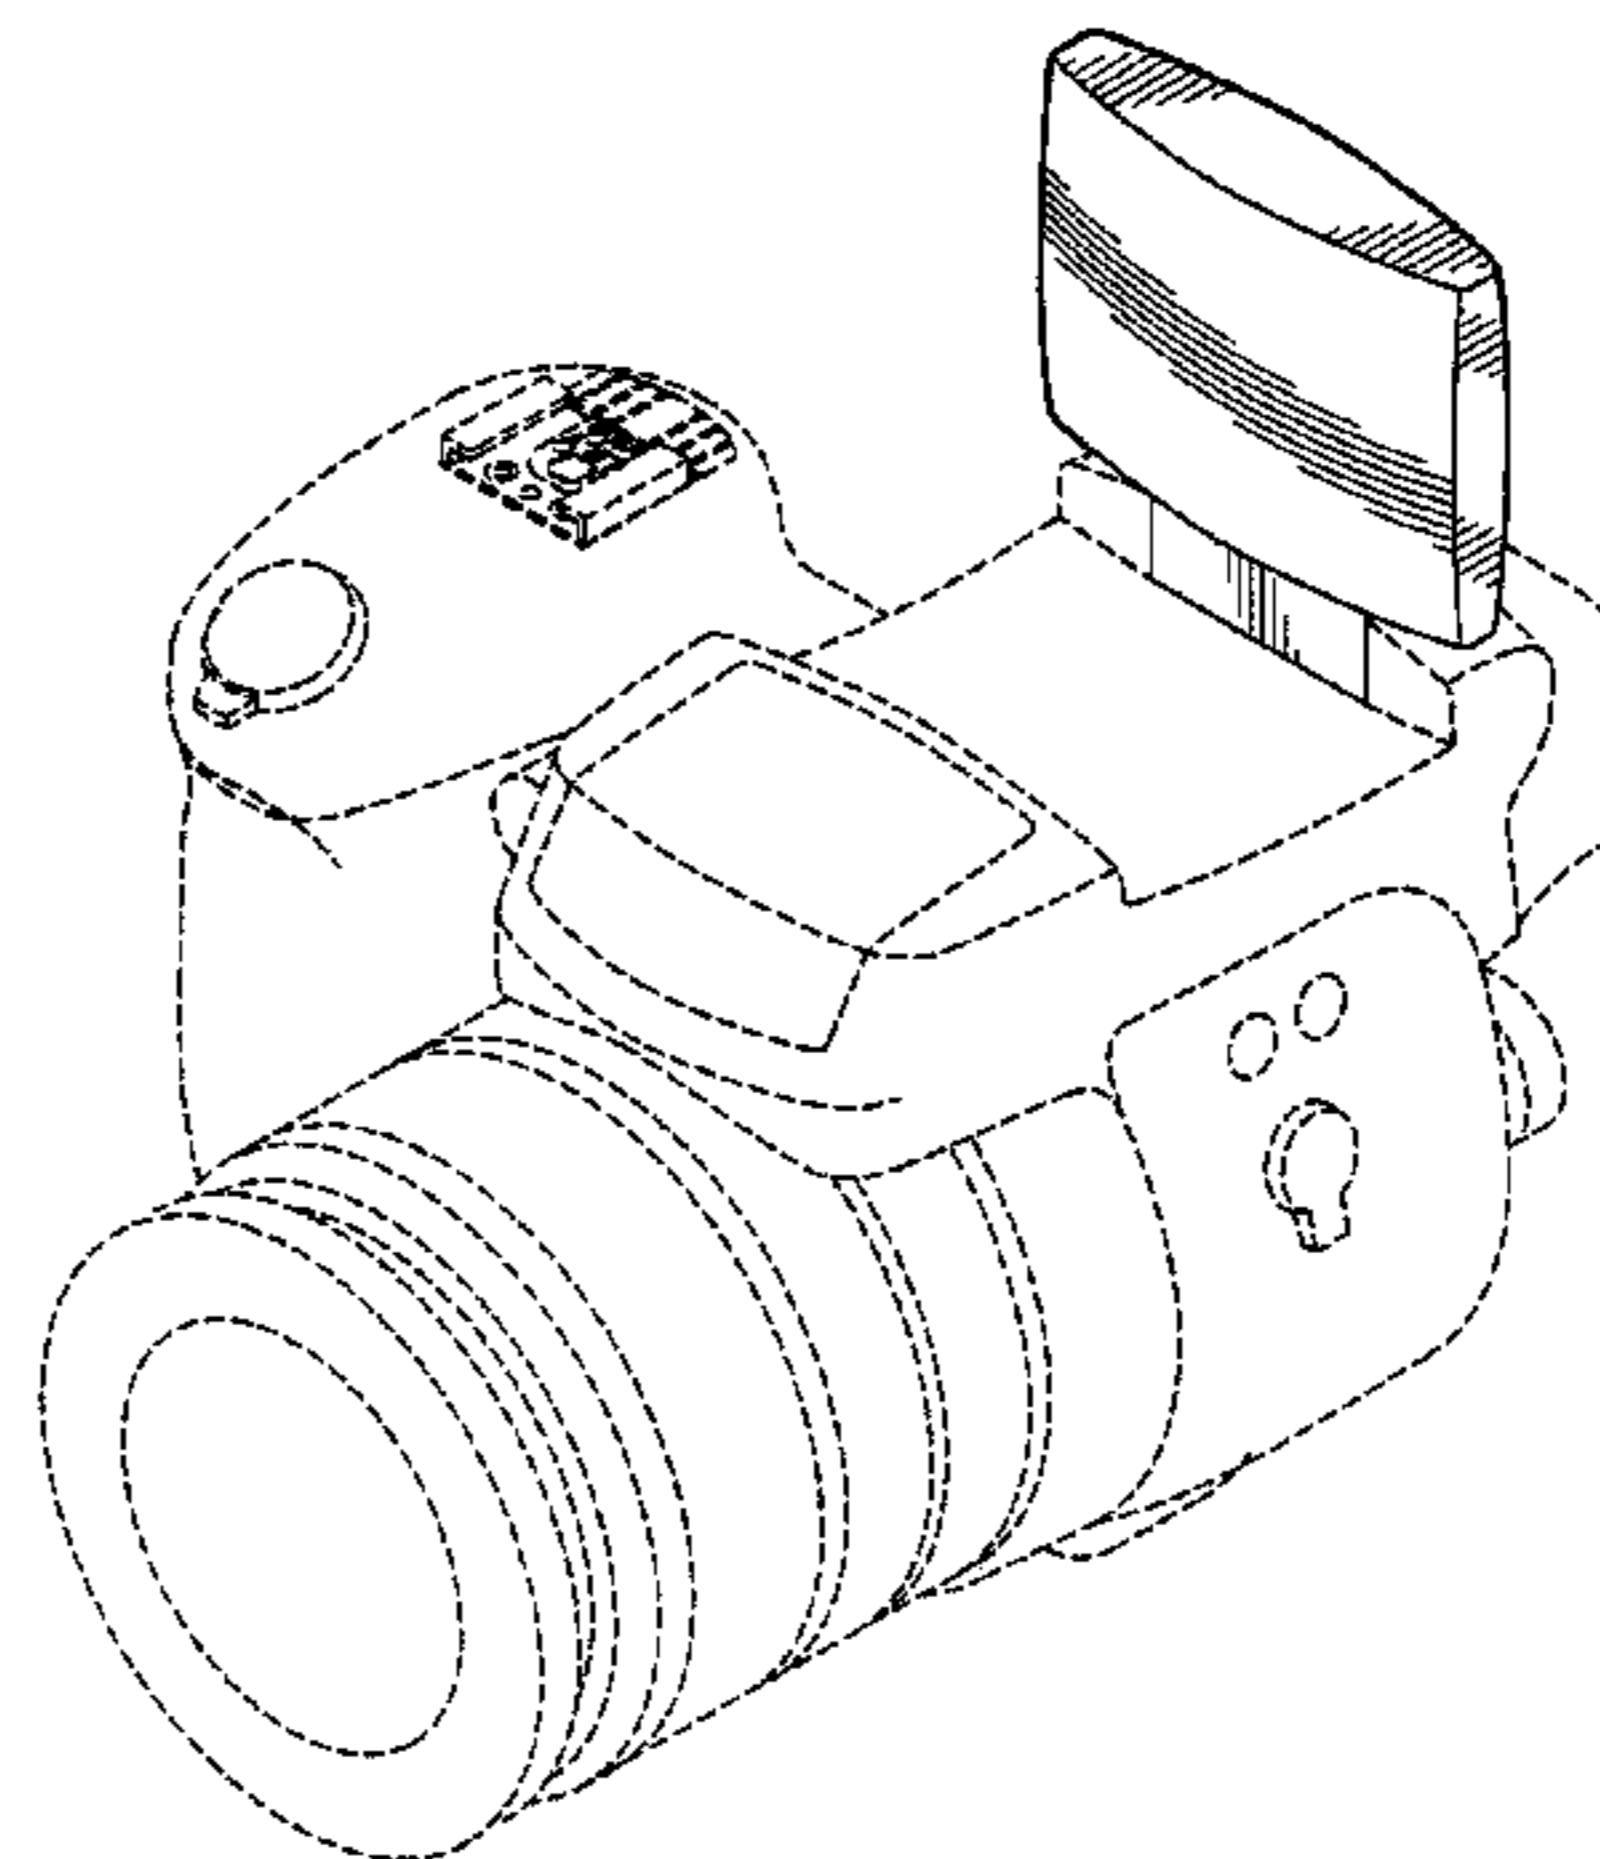

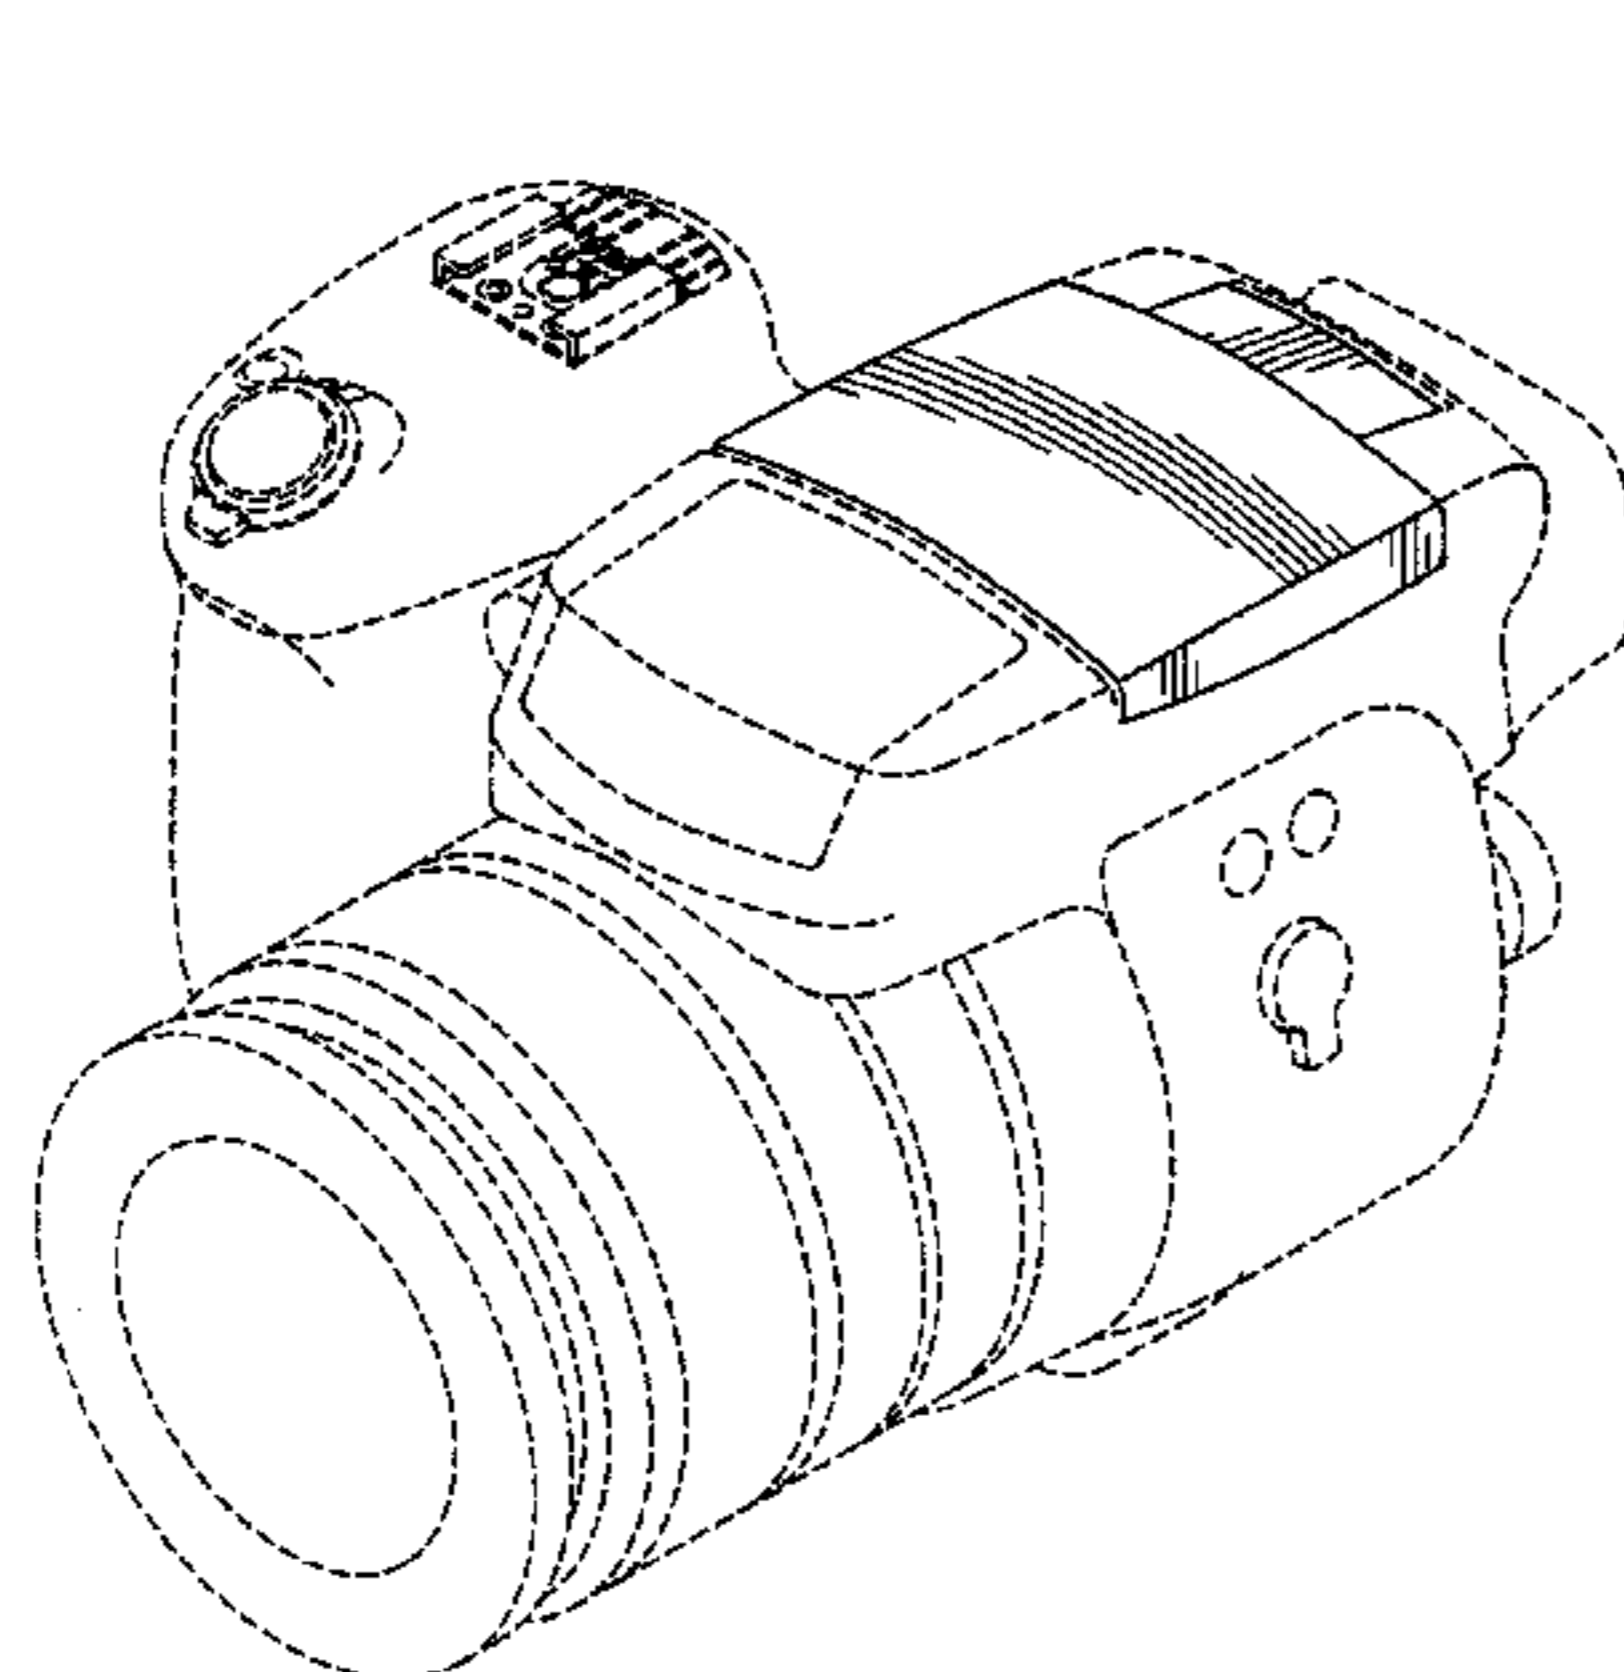

FIG. 7 is a top and right front perspective view thereof;

FIG. 8 is a top and right front perspective view thereof, with the display in an upright position and facing rearward; and,

FIG. 9 is a top and right front perspective view thereof, with the display in a retracted position and facing upward.

The portions depicted in broken lines are shown for environmental and illustrative purposes only and form no part of the claimed design.
