(57) **CLAIM**

The ornamental design for a sight for use on firearms, as
shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of a forward portion of a
sight for use on firearms, according to this invention.

FIG. 2 is a perspective view of the forward portion of the
invention.

FIG. 3 is a front elevation view of a rearward portion of the
invention.

FIG. 4 is a perspective view of the rearward portion of the
invention.

FIG. 5 is a front elevation view of the entire invention.

FIG. 6 is a perspective view of the entire invention.

FIG. 7 is a front elevation view of a second embodiment
showing the forward portion of the invention.

FIG. 8 is a perspective view of the second embodiment
showing the forward portion of the invention.

FIG. 9 is a front elevation view of the second embodiment
showing the rearward portion of the invention.

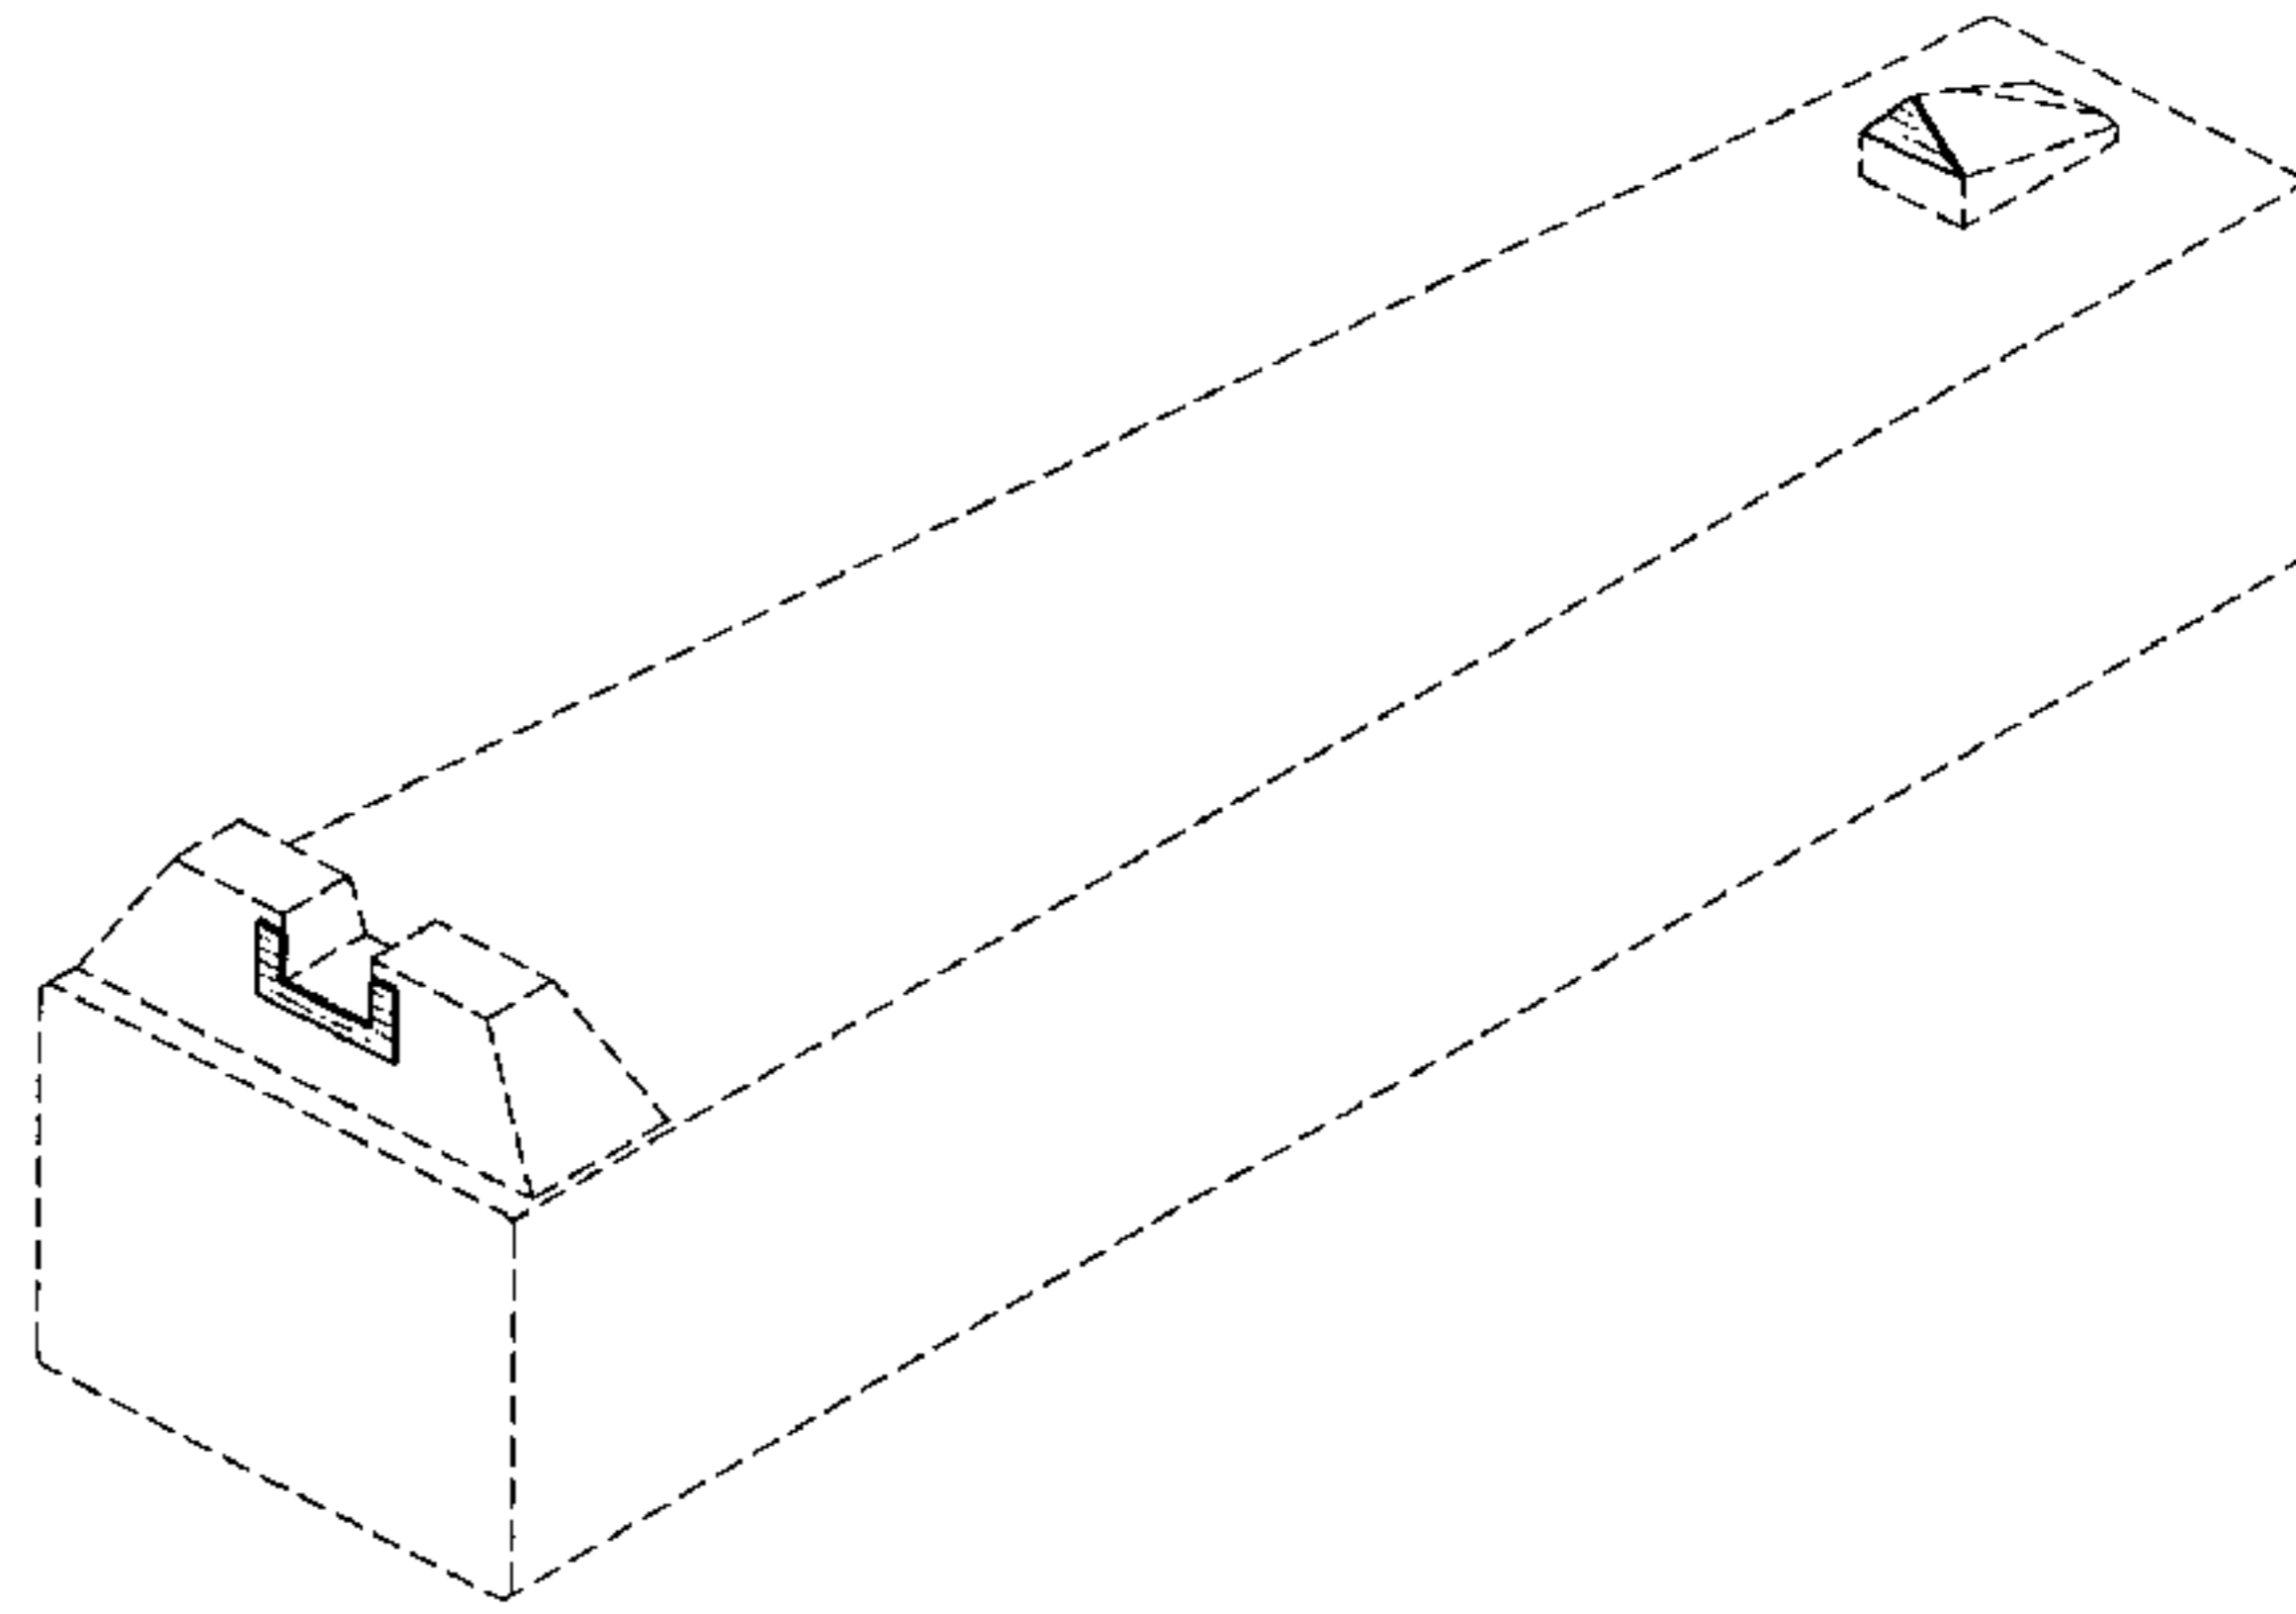

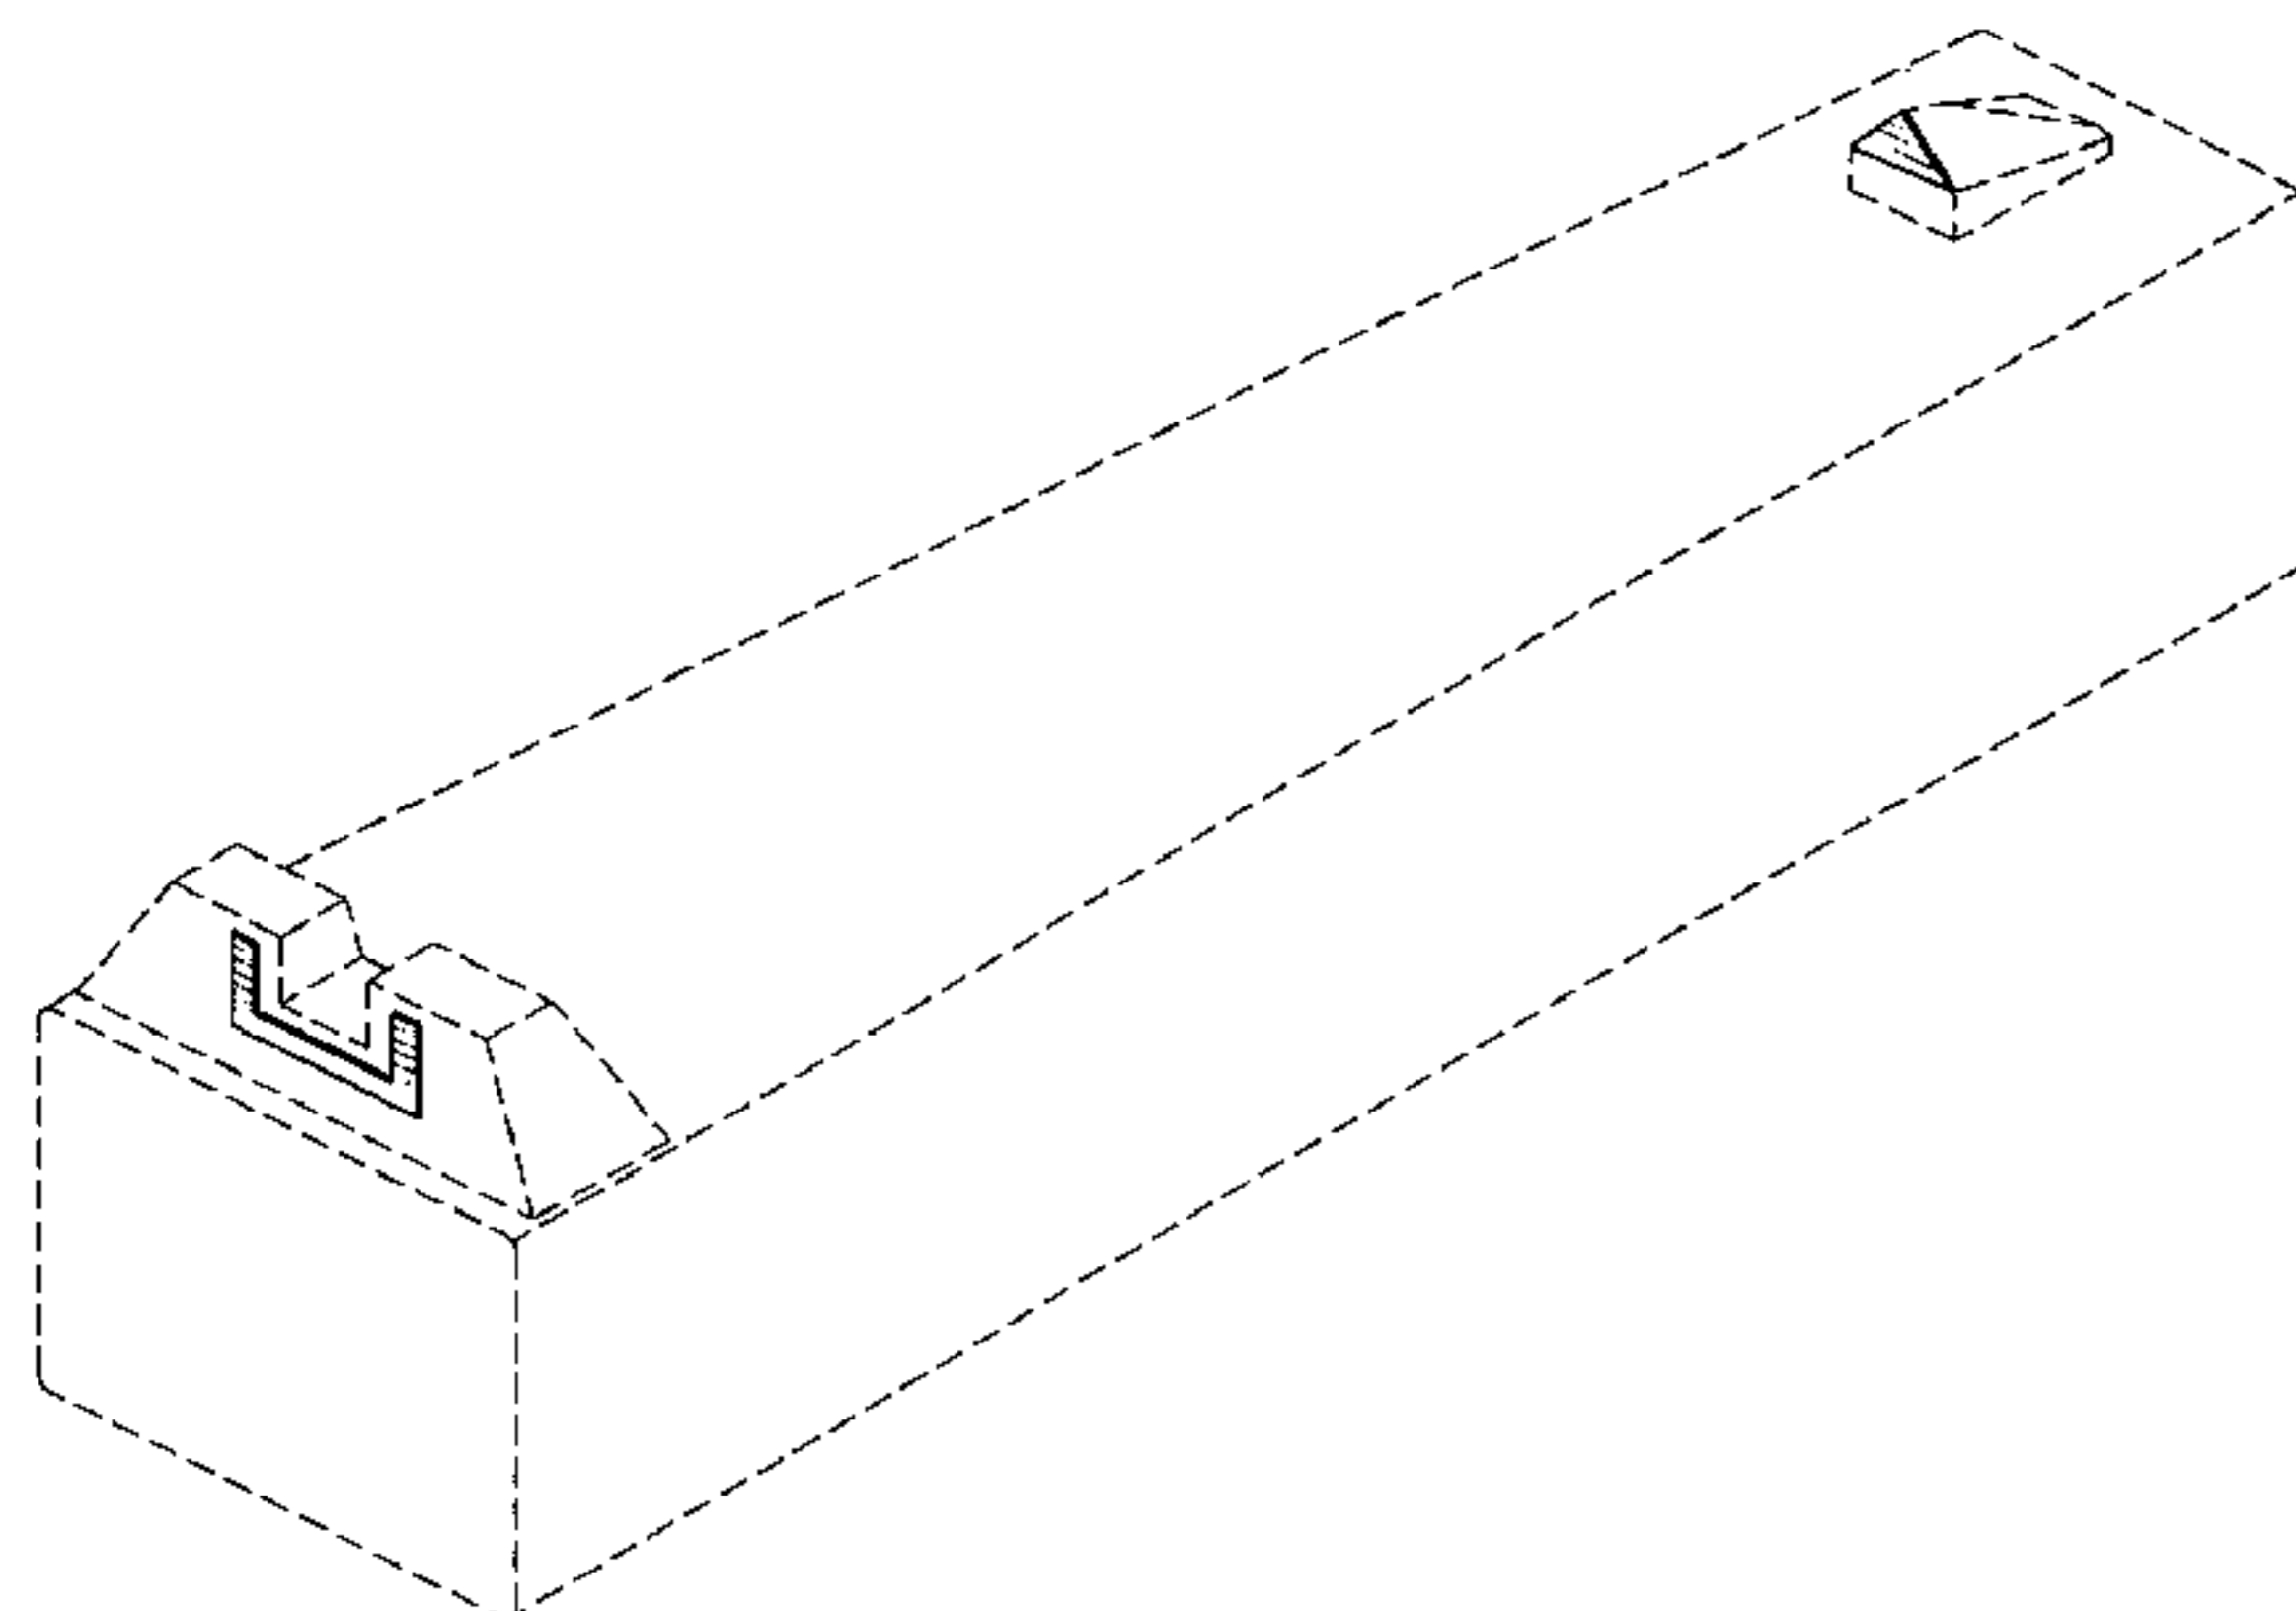

FIG. 10 is a perspective view of the second embodiment
showing the rearward portion of the invention.

FIG. 11 is a front elevation view of the second embodiment
of the entire invention; and,

FIG. 12 is a perspective view of the second embodiment of
the entire invention.

The broken lines in FIGS. 1–12 are for purposes of illus-
tration only and form no part of the claimed design.
