(22) Filed: **Jun. 12, 2007**

(57) **CLAIM**

The ornamental design for a grinding and impeller clip for a coal pulverizer, as shown and described in the attached specification.

Related U.S. Application Data

DESCRIPTION

(63) Continuation of application No. 11/702,437, filed on Feb. 5, 2007, now Pat. No. 7,311,281, which is a continuation of application No. 11/011,885, filed on Dec. 14, 2004, now Pat. No. 7,172,146.

FIG. 1 is a side elevation view of a grinding and impeller clip according to a first representative embodiment of the present invention.

(51) **LOC (8) Cl.** **15-09**

(52) **U.S. Cl.** **D15/139**

(58) **Field of Classification Search** D15/126,
D15/138, 139; 209/139.1; 241/52, 56, 61,
241/80, 82, 188.1, 188.2, 190, 194, 197,
241/300; 251/214, 305; 277/399; 384/147,
384/207

FIG. 2 is a front end view of the grinding and impeller clip shown in FIG. 1.

FIG. 3 is a perspective view of the grinding and impeller clip according to a second representative embodiment of the present invention.

FIG. 4 is a perspective view of the grinding and impeller clip shown in FIG. 1.

See application file for complete search history.

FIG. 5 is a perspective view of the grinding and impeller clip according to a third representative embodiment of the present invention.
