DESCRIPTION

See application file for complete search history.

FIG. 1 is an isometric view of a catheter information clip
according to the present invention; a catheter is shown in
broken line for illustrative purposes only and forms no part
of the claimed design.

FIG. 2 is an isometric view of the catheter information clip
shown in FIG. 1, alone.

FIG. 3 is a top of the catheter information clip shown in FIG.
1.

FIG. 4 is a bottom of the catheter information clip shown in
FIG. 1.

FIG. 5 is a proximal end of the catheter information clip
shown in FIG. 1.

FIG. 6 is a right side of the catheter information clip shown
in FIG. 1; and,

FIG. 7 is a left side of the catheter information clip shown
in FIG. 1.

A catheter is shown in phantom in FIG. 1 and is not part of
the invention claimed. The distal and proximal end views are
mirror images of each other, and only the proximal end view
is shown.
