(57) **CLAIM**

The ornamental design for a cabinet, as shown and described.

DESCRIPTION

In a preferred embodiment, the nature of this product is a cabinet such as a wall-mounted cabinet for holding medicines and bathroom items.

FIG. 1 is a right, top, front perspective view of a cabinet embodying my new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a right side elevational view thereof, the left side elevational view thereof being a mirror image of the right side shown;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a rear elevational view thereof;

FIG. 7 is a right, top, front perspective view of another embodiment of my new design having front panels with a reflective front surface, the right side and rear elevational views thereof being identical to respective FIGS. 3 and 6, and the top and bottom plan views thereof being identical to respective views FIGS. 4 and 5; and,

FIG. 8 is a front elevational view thereof.

The broken line representations in the figures are for the purpose of illustration only, and form no part of the claimed design.
