(57) **CLAIM**

The ornamental design for a heart shaped digital display for locket, substantially as shown and described.

DESCRIPTION

FIG. 1 is an elevation view showing the front of the locket containing the heart shaped digital display for locket; with the cover closed;

FIG. 2 is an elevation view of the left side of the locket containing the heart shaped digital display for locket;

FIG. 3 is an elevation view of the right side of the locket containing the heart shaped digital display for locket;

FIG. 4 is an elevation view showing the front of the locket containing the heart shaped digital display for locket; with the cover of the locket open;

FIG. 5 is an elevation view of the front of the heart shaped digital display for locket;

FIG. 6 is an elevation view of the top of the heart shaped digital display for locket;

FIG. 7 is an elevation view of the bottom of the heart shaped digital display for locket;

FIG. 8 is an elevation view of the left side of the heart shaped digital display for locket;

FIG. 9 is an elevation view of the right side of the heart shaped digital display for locket; and,

FIG. 10 is an elevation view of the rear of the heart shaped digital display for locket.

The locket shown in dot and dash forms no part of the invention.
