(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

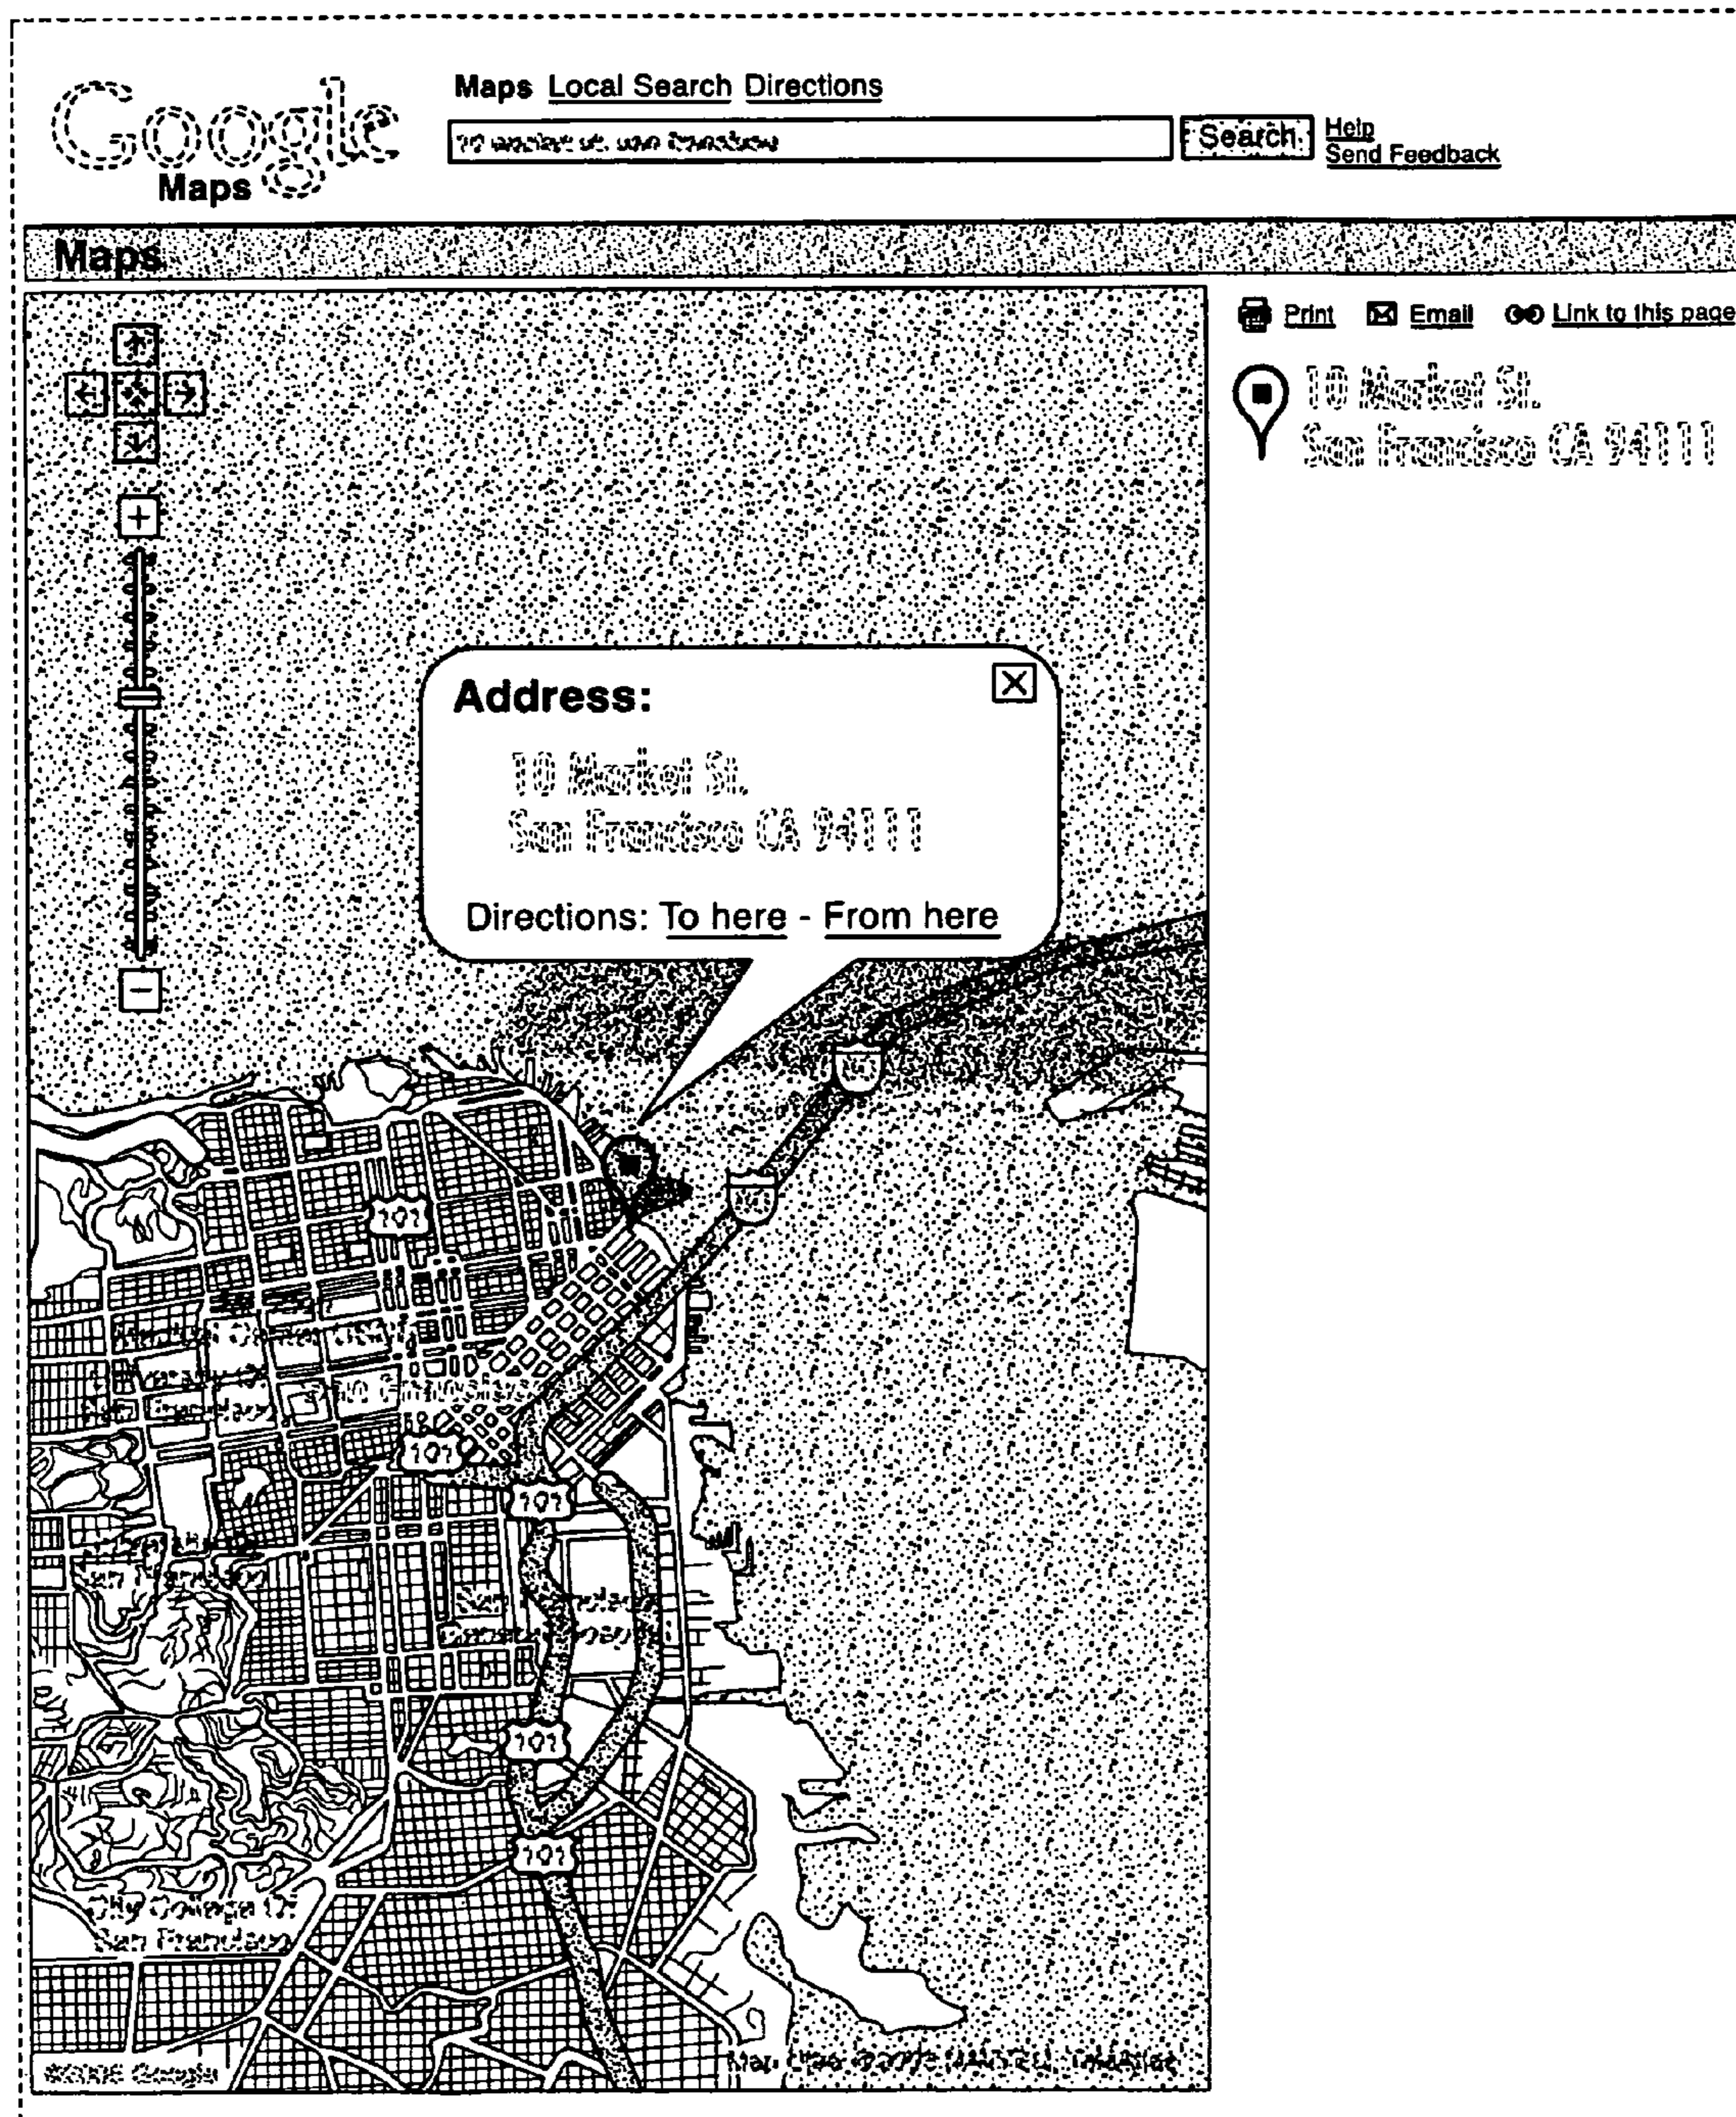

A portion of the disclosure of this patent document contains material to which a claim for copyright and trademark is made. The copyright and trademark owner has no objection to the reproduction of the patent document or the patent disclosure, as it appears in the U.S. Patent Office records, but reserves all other copyright and trademark rights whatsoever.

The FIGURE is a front view of a display screen with graphical user interface.

The broken line showing of a display screen of a communications terminal is included for the purpose of illustrating environmental structure and forms no part of the claimed design.
