FIG. 1 is a front view of an embodiment of the neck trainer shown worn on the head of a user.
FIG. 2 is a front elevational view of the neck trainer.
FIG. 3 is a front perspective view of the neck trainer.
FIG. 4 is a rear elevational view of the neck trainer.
FIG. 5 is a right side elevational view of the neck trainer.
FIG. 6 is a bottom plan view of the neck trainer.
FIG. 7 is a top plan view of the neck trainer; and,
FIG. 8 is a left side elevational view of the neck trainer.

The broken lines showing a man in FIG. 1 are included for the purpose of illustrating environmental elements only and form no part of the claimed design. The double set of broken lines shown in FIGS. 1–5 and 8 are intended to illustrate stitching; these lines do form a part of the claimed design.
