(57) **CLAIM**

The ornamental design for a double headed self tapping screw, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the double headed self tapping screw of the present invention showing my new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a left side elevational view thereof;

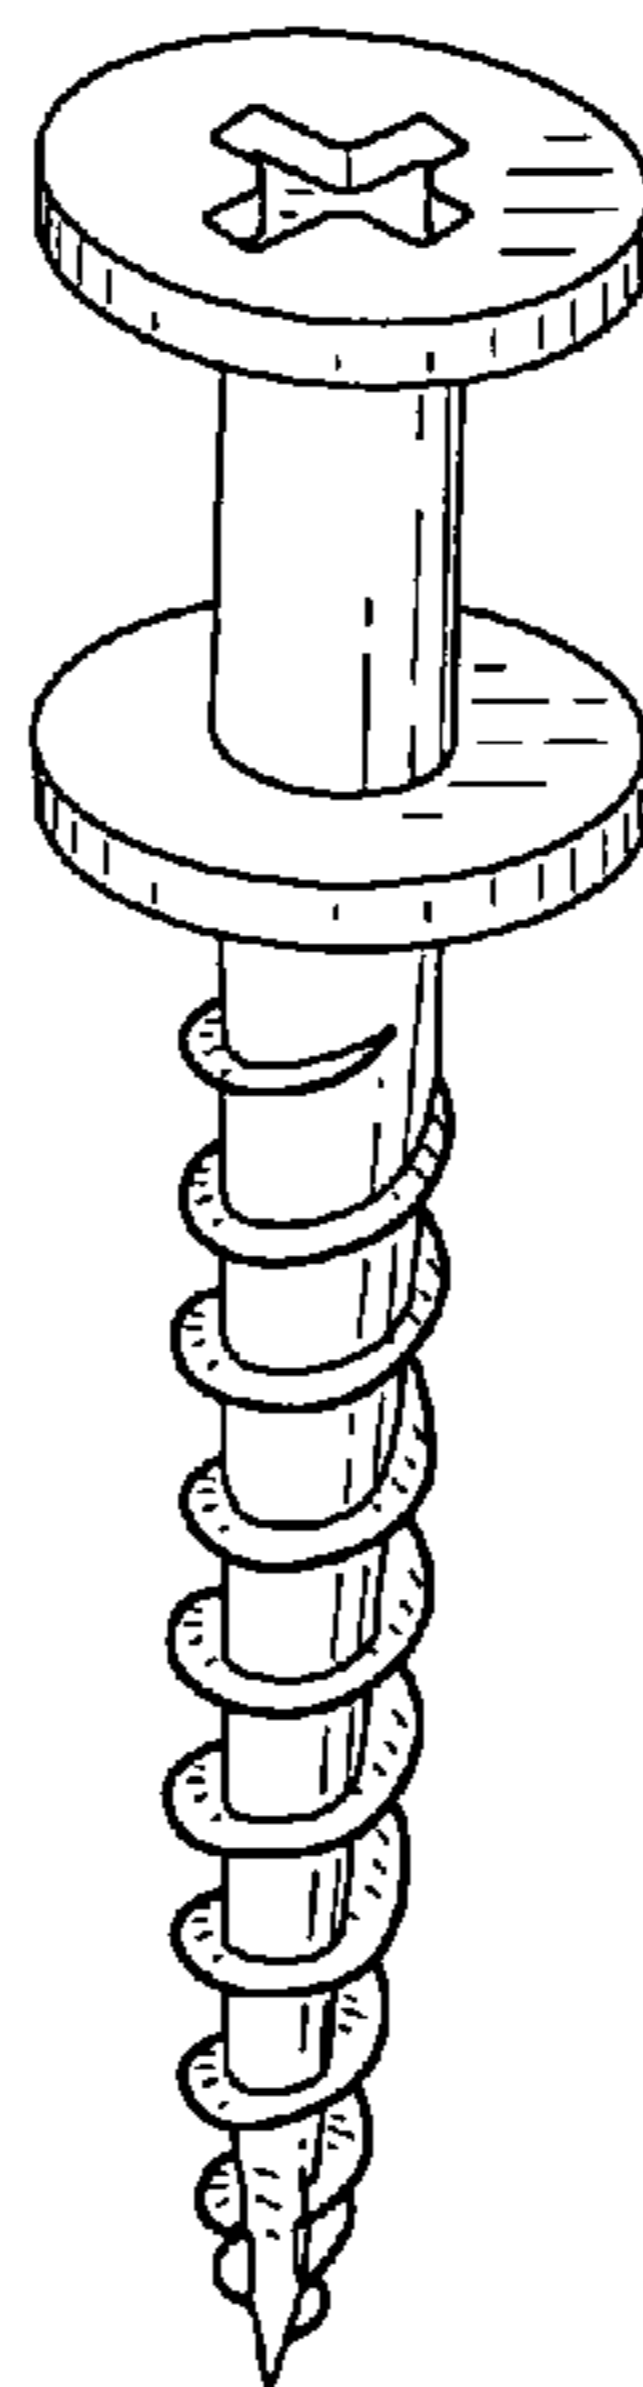

FIG. 4 is a front elevational view thereof;

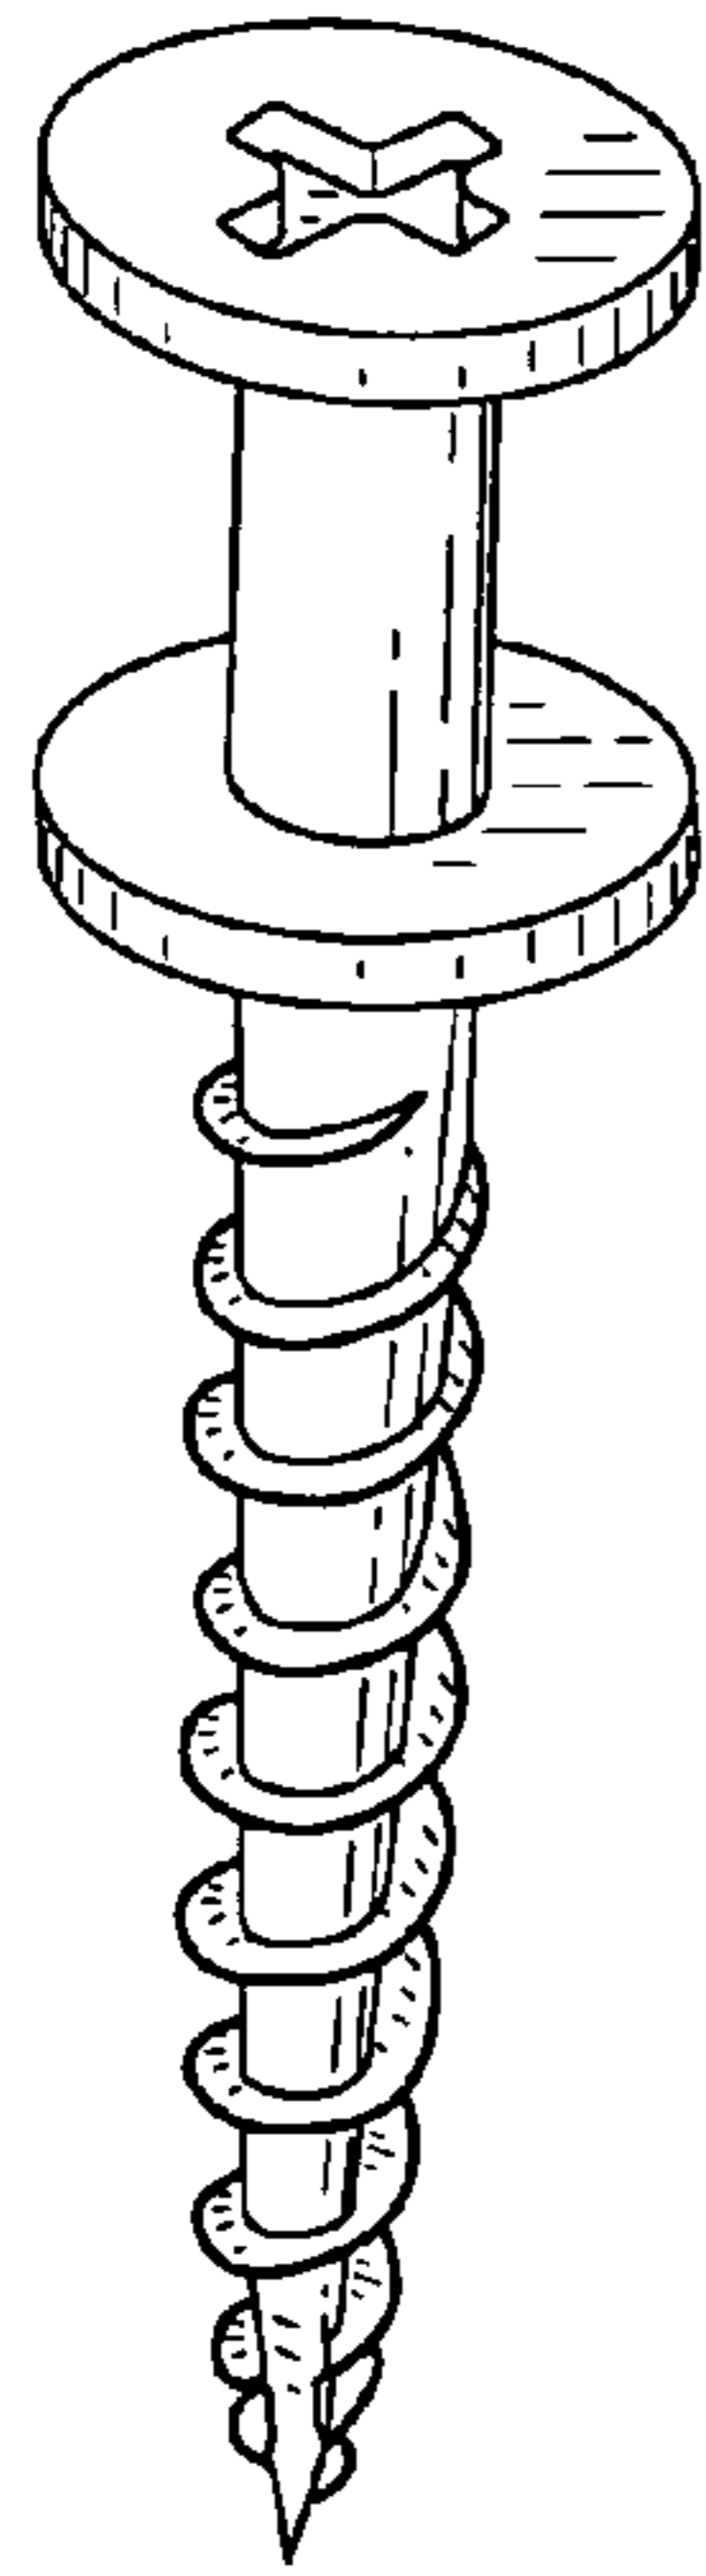

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a rear elevational view thereof; and,

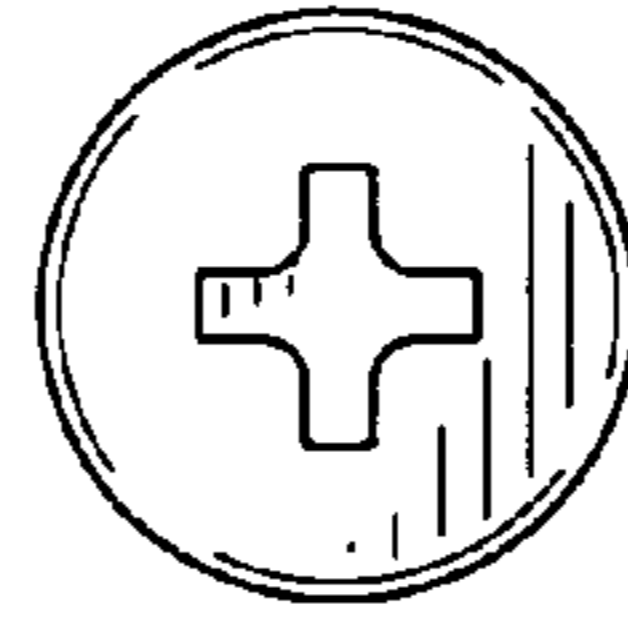

FIG. 7 is a bottom plan view thereof.
